Plasti-Fab PlastiSpan Flotation Billets

Floating Dock or Marina

Plasti-Fab PlastiSpan flotation billets can be used as a flotation agent in for a variety of designs for docks and marinas.

The following docks and marinas described are typical for this type of construction. For information on the design and application of floating structures see the plasti-fab brochure "Boatyard Systems - Based on Application and Specification". Floating dock or marina construction is designed on an honest and ethical basis. There are many other unique and break up docks or marinas. For more involve structures, finger docks, and marina - as sections and gust walk systems, wet slips, with extra attention paid to anchors or piles. Where more severe conditions are likely to be encountered, consult a Plasti-Fab representative for construction information.

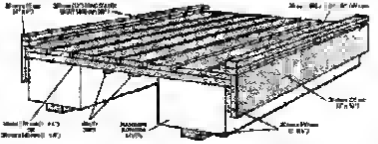
Description

Docks are usually built 1.8 meters (6'0" wide), however this dimension described in this brochure can always be constructed wider docks.

Dock length may be up to several hundred feet in some instances but shorter sections are often built for ease in the installation and to allow for the shore or the bottom.

The dock is designed to be built on the shoreline section, with the exception of the 38 mm x 235 mm (2" x 10") rub flange and the top rail.

When construction is completed on shore the sections are floated into position at the water and the 38 mm x 235 mm (2" x 10") rub flange is added and bolted with the holes drilled in the outriggers. The top rail is bolt to the edge.



Construction

Frame

Use 38 mm x 140 mm (2" x 6") lumber for the outer frame. Use pressure treated lumber.

All nails, bolts, screws should be hot dip galvanized after fabrication and/or corrosion resistant from non-corroding material.

Design on a convenient length of billets in width to meet the dock and choose the method of attaching billets (see page 3 of the Plasti-Fab brochure "Boat ard Systems, S-tention Applications and Specification").

Framing

Lay out 38 mm x 140 mm (2" x 6") lumber's on edge as a frame a mart equal to the finished width of the dock less 75 mm (3").

Cut cross members to size and nail to 38 mm x 140 mm (2" x 6") rail from on 600 mm (24") centres, to end up t member of the end. Have diagonal bracing to square the sections frame.

Billets

Place billets in frame by one of the methods shown on page 3 of the Plasti-Fab brochure "Boatyard Systems, Selection Application and Specification."

Decking

Nail decking onto top of cross members at this time, with edge of deck flush with outside edge of the 38 mm x 140 mm (2" x 6") frame.

OR

Leave decking off and secure with washers. Not secured as after the unit is assembled, with staggered joints to create a stronger deck.

OR

Nail decking on at edges with nails/boards left out to facilitate installation of utility lines.

Application for Listing and/or Prohibitory Order

Information About You *(Use the name and address by which you customarily receive mail)*

Printed Name *(First, MI, Last)* | *Address (Number, street, apt. or suite no., Post Office box no.)* | City | State | ZIP+4®

Initial box #1 or box #2, or both when applying for this Prohibitory Order

Application for Prohibitory Order *(Submit the mailpiece with your application)*

1 ☐ The attached mailpiece, from the mailer named below, offers for sale matter that I believe to be erotically arousing or sexually provocative and therefore is a pandering advertisement. Under the provisions of 39 USC 3008, I request that a Prohibitory Order be issued against the mailer and the mailer's agents or assigns.
Please check **only one** as appropriate.

1a ☐ I am the addressee of the attached mailpiece and, if I have listed below an eligible child or children, I request that such child or children (as well as I myself) be protected by the Prohibitory Order.

1b ☐ I am the parent of _____, the minor addressees of the attached mailpiece acting for such addressee to obtain a Prohibitory Order to protect just him or her. If a child or children of mine is/are listed below, it is just in connection with the application under 39 USC 3010 that I am making by initialing box 2.

1c ☐ I am the person entitled to receive mail to _____, the deceased addressee of the attached mailpiece. Please issue the Prohibitory Order on behalf of the deceased addressee.

If you initialed box 1 you **MUST:**
- Attach the entire opened mailpiece, and
- Provide the following mailer information.

_____
Mailer's Name

_____
Mailer's Address *(Number, street, apt. or suite no., Post Office box no.)*

_____
Mailer's City, State, and ZIP+4

Application for Listing *(Mailpiece is not required for this section at this time)*

2 ☐ I do not wish to have sexually oriented advertisements mailed to me or my children who have not attained the age of 18 years are listed below. Please add me/us to the list you maintain under 39 USC 3010, of persons not wishing to receive such advertisements. I understand that while this USPS Prohibitory Order Listing will be provided to mailers that subscribe to your listing service in an effort to have me removed from their mailing lists, it does not guarantee the removal of my name and address from all mailing lists.

MDCloud Scanning/Printing Support

For our MDoffice Cloud service "MD Cloud" the following software technology is required "**rDevice**". rDevice can be downloaded once a user is licensed/authorized to log into the MDCloud product. There are no additional costs/licenses required for the installation. Once the installation is complete, be sure to check if the product is running in the system tray of the host computer. The following components need to run to ensure there are no problems with either printing or scanning: (rDevice.exe and Checker.exe) Both are configured to start when the computer login process finishes. Any updates required for rDevice, will be downloaded automatically as long as the rDevChecker process is running. It is highly recommended any type of network intrusion software or anti-virus become deactivated during the installation of rDevice so the process is successful. After the product is installed and running, anti-virus and other security measuring programs can be restarted. MDoffice rDevice is designed to run on a Microsoft platform (32/64bit) and work with multiple login users. Meaning, the product is only required to be installed once for everyone to use it. No additional installations are required for new user accounts logging into the system.

Decision

The federal government extended Emergency Unemployment Compensation (EUC) We used the wages you earned during the twelve months of your base period to calculate how much EUC benefits you can receive.
Like all unemployment claims TWC can only pay you benefits if you meet the requirements including reviewing any recent job separation being available and looking for full-time work.
Your weekly benefit amount is $ 181.00
The maximum amount of additional EUC you could receive is $ 1359.00
TWC can only pay EUC for the benefit weeks through May 29 2010 You will not receive any amount beginning in your benefit year after the EUC eligibility period ends on May 29 2010
The amount of additional EUC is based on your claim for regular unemployment benefits The amount of extended benefits TWC can pay you is equal to 50 percent of the total amount of benefits you had on your original claim or on the new started or the benefits have been exhausted
Request payment on your scheduled filing day

Fax:

In order to receive faxes:

- select *menu*
  use arrows to scroll down to
- initial setup
- hit ok
- receive mode select "fax only" (using arrow keys)
  hit ok
- hit "stop exit"

To disable the fax again

Same procedure, except you select "manual" instead of "fax only" using the right arrow key

Faxing out:

- within a document, select "print" and select brother fax instead of brother printer (drop down button)
  physical paper- feed it through the auto feed.
- Select fax
- Dial number
- Select start either color or black

Scanning to computer and or email

feed the paper like you do with faxing.

- Select 'scan' on menu
  Scroll down to 'scan to file' (using the down arrow keys)
- Hit ok, and start

Now it will scan the document to your computer, stored in a folder named "scanned documents"

So send it by email

- open new email message
  locate "attach" tab
- this will open a new window
  browse to "desktop"
- and browse to "scanned documents"
- double click on the file you just scanned.
- Select recipient and hit send

Fax something interesting toll free to 1-888 877 1655 or 1-503-200-1300

To the right are faxes that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1-888 877 1655 (your boss will never notice ... maybe) or 1-503-200-1300 (long distance to Portland, Oregon) and it should appear here within a couple of minutes. (It's a toll free number if you're in the USA.) Keep it clean & legal.

Fax single page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to snip off the top few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work.

We hate spam and junk faxes, and will absolutely not send you any unsolicited e-mail or faxes. We won't share your information with marketers or anyone else.

5 Consider that, if your plumbing system includes air chambers, the chambers may have filled with water. To correct this problem, turn your water off at the main shutoff valve, open all your indoor and outdoor faucets, and let the water drain out. When you open the main valve, the water will bypass the air chambers, leaving them full of air.

Tree ID Memory Game

Today you will work in groups to make a memory game to help you learn and ID the trees we have talked about.

You will be given 24 note cards. On the back of 12 note cards you will write the name of the tree. On the back of the other 12 note cards you will have a picture of the leaf bark and terminal bud (see diagram). My suggestion is to use the internet to find good pictures copy and paste them into a word document and then print them out. They need to be small enough to fit on your note cards.

Thomas soon learned of Ezekiel's hate for him. He thought, "You know what, this is childish, he shouldn't hate me," and challenged him to a sword fight knowing he would win. He wanted to settle the rivalry and he thought that if he beat Ezekiel that Ezekiel would recognize that he was superior and that his feelings of anger toward him were stupid. Ezekiel accepted, knowing he was outmatched, but he poisoned his sword prior to the fight. He planned on the poison making his uncle sick to teach him a lesson.

As the sun set, the ember light illuminated the uncle and nephew's swords by their sides. Thomas and Ezekiel were ready to begin. It wasn't long before the fight was over. Thomas made quick work of Ezekiel. Ezekiel barely managing to block the oncoming attacks and finally suffering a minor chest wound making him fall down. Thomas, being the kind of man he was, called the fight over. He went over to help Ezekiel up, but Ezekiel had his chance and attacked in Thomas' moment of weakness. Thomas died almost instantly from a wound thought not to be fateful.

Instantaneously, Ezekiel saw what he had done and remorse was born. Ezekiel, devastated went to his father and told him what had happened. Jacob was filled with sorrow and sadness was made. Everybody was grieving for Jacob's loss and they vowed never to think about anger again in the hopes that the emotion would never come back.

Unlike now, there were many planets with a vast variety of life forms back then, but anger got to the life forms on earth which transferred to the other planets and the life forms there all turned on each other and the anger consumed them. Thomas' spirit worked with the superior life form to make sure life on earth wasn't consumed the same way.

About Mail

Use Mail to read your email messages, and to compose new messages using the onscreen keyboard.

Mail works with MobileMe, Microsoft Exchange, and many of the most popular email services—including Yahoo! Mail, Google email, and AOL—as well as other industry-standard POP3 and IMAP email services. You can view messages from all your accounts at once, and Mail displays message threads so it's easy to follow a conversation. Send or receive embedded photos and graphics, and view PDFs and other attachments. Use AirPrint to print messages and their attachments. To send or receive messages in Mail, iPad must have an internet connection. See "Connecting to the Internet" on page 28.

Setting Up Email Accounts

You can set up email accounts on iPad in either of the following ways:

- Set up an account directly on iPad. See "Adding Mail, Contacts, and Calendar Accounts" on page 30.
- In iTunes, use the iPad settings panes to sync email account settings from your computer. See "Syncing with iTunes" on page 23.

Notice of Health Insurance Premium Rebate

Re: Health Insurance Premium Rebate for Year 2012; Policy # XXXXXX375

Dear Richard W Knight

This letter is to inform you that Blue Cross of California will be rebating a portion of your health insurance premiums through your employer or group policy holder. This rebate is required by the Affordable Care Act – the health reform law.

The Affordable Care Act requires Blue Cross of California to rebate part of the premiums it received if it does not spend at least 80 percent of the premiums Blue Cross of California receives on health care services, such as doctors and hospital bills, and activities to improve health care quality, such as efforts to improve patient safety. No more than 20 percent of premiums may be spent on administrative costs such as salaries, sales, and advertising. This is referred to as the "Medical Loss Ratio" standard or the 80/20 rule. The 80/20 rule in the Affordable Care Act is intended to ensure that consumers get value for their health care dollars. You can learn more about the 80/20 rule and other provisions of the health reform law at: http://www.healthcare.gov/law/features/rate/value-for-you.html.

What the Medical Loss Ratio Rule Means to You

The Medical Loss Ratio rule is calculated on a State by State basis. In your State, Blue Cross of California did not meet the 80/20 standard in 2012. Blue Cross of California spent only 79.36% of a total of $1,747,347,841.00 in premium dollars on health care and activities to improve health care quality. Since it missed the 80/20 percent target by 20% of premium it receives, Blue Cross of California must rebate 20% of the total health insurance premiums paid by the employer and employees in your group health plan. We are required to send the rebate to your employer or group policyholder by August 1, 2013, or apply this rebate to the health insurance premium that is due on or after August 1, 2013. Employers or group policyholders must follow certain rules for distributing the rebate to you.

Anthem Blue Cross is the trade name of Blue Cross of California. Independent licensee of the Blue Cross Association. ANTHEM is a registered trademark of Anthem Insurance Companies, Inc. The Blue Cross name and symbol are registered marks of the Blue Cross Association.

Obama Said to Call for Cuts in Entitlements, Higher Taxes on Wealthy

Tuesday, April 12, 2011 03:32 PM

By

President Barack Obama will call tomorrow for a combination of reductions in entitlement spending and tax increases on higher-income Americans to address long-term fiscal debt while drawing a sharp contrast with the Republican alternative proposed by Representative Paul Ryan, according to a person familiar with the plan.

Obama's proposal will draw on the findings of the Simpson-Bowles debt commission chairman who said tax increases had to accompany spending reductions. He will also specifically reject Ryan's idea of a voucher-like system for future Medicare recipients, the person said.

The president also will try to align his plan with the objectives of the so-called Gang of Six, a group of three Republican and three Democratic senators working on their own recommendations. That plan is not expected to be released until after a two-week congressional recess scheduled to begin next week, according to people familiar with the negotiations.

Obama's address on federal debt, to be delivered tomorrow afternoon at George Washington University in the capital, comes as he's preparing for a fight with congressional Republicans over raising the government's debt limit and trying to set the debate for the 2012 presidential campaign.

While refusing to release details about what the president will say, White House officials have offered hints of the direction he'll take.

"You can't simply slash entitlements, lower taxes, and call that a fair deal," Obama's spokesman, Jay Carney, said yesterday.

Themes In Budget

Many of the themes he'll hit reflect those contained in his Feb. 14 budget plan for fiscal 2012, including increasing the top income tax rates and closing loopholes in the tax code. It also will draw on recommendations from the bipartisan presidential commission headed by former Senator Alan Simpson and former Clinton administration official Erskine Bowles.

While Obama's budget charted a path to cutting the deficit by $1.1 trillion over a decade, the commission's plan would cut almost $4 trillion over the period. Both used a combination of spending cuts and higher revenue. Ryan's plan would cut the deficit by $4.4 trillion over 10 years, primarily through deep cuts in federal spending. Ryan, of Wisconsin, proposes to reduce top tax rates.

The Obama administration projects a record $1.65 trillion deficit this year.

Have a nice Day!

Center for Bioethics and Humanities

UNIVERSITY OF COLORADO **ANSCHUTZ MEDICAL CAMPUS**

Pianos, Digital Pianos, Guitars & Violins Available for Public Purchase
Friday, Saturday & Sunday, November 14-17, 2013

Dear Alumni & Friends, 563-200 1300

The Fulginiti Pavilion for Bioethics and Humanities at the Anschutz Medical Campus has had the use of new first-class pianos on a no-cost basis since its opening in 2012. This unique asset is provided through a partnership between the Center for Bioethics and Humanities and the Rockley Family Foundation, recognized by the IRS as a 501(C)(3) organization. The instruments provided by institutions and the instruments provided through other means will be sold to perpetuate this valuable program and provide scholarship money for music students.

A large selection of *grands, baby grands, digital piano's grands, vertical upright pianos, digital pianos, keyboards, orchestral strings, acoustic & electric guitars* will be available. This event will feature instruments from such famous makers as *Steinway & Sons, Yamaha, Pramberger, Baldwin, Seiler, Roland, Brodmeier, Guild, Gretsch, Pearey and many others*. Most instruments are less than one-year old include a new factory warranty and financing is available. Delivery and special no interest financing is available on site. Moreover, musicians earn a "substantial portion" of your purchase price which is also a charitable contribution to the Rockley Family Foundation and may be TAX DEDUCTIBLE*.

There are two ways to view and purchase:

1) **BY APPOINTMENT**- You are invited after the special "private sale" on Friday, November 15 and Saturday, November 16. This will afford priority in both selection and price. To secure a time call, (303) 724-7591

2) **FINAL DAY**- You may attend the final sale day on *Sunday, November 17 from Noon - 5:00 PM* without an appointment.

This event will be held at the Fulginiti Pavilion for Bioethics and Humanities on the Anschutz Medical Campus, located at 13080 East 19th Avenue, Aurora, CO 80045. Paid parking is available NE of the building in the Gaycrown Visitor Lot. For directions please call or link to http://www.ucdenver.edu/academics/colleges/bioethics/Pages/ContactInformation.aspx

In a time where creative solutions are *needed* to maintain properly equipped orchestras and chorus as well as engage talented artists, the continuation of this loan program is vital to the core efforts to further education in the arts and humanities. We invite you to take advantage of this wonderful opportunity.

The IDE also uses the RDT to resurface (bring to the front) an open document if a user requests that document. For more information, see Displaying Files By Using the Open File Command<https://msdn.microsoft.com/en-us/library/bb165448.aspx>. To determine whether a file is open in the RDT, do one the following:

- Query for the document moniker (that is, the full document path) to find out if the item is open.
- Use the hierarchy or item ID to ask the project system for the full document path, and then look the item up in the RDT.

Susan Courtney's Healthy[1] Dark Chocolate

Ingredients

4 oz (113gm) organic cocoa butter

4 oz (114gm) organic coconut oil

1 tsp (5ml) organic sunflower lecithin

4 cups (960ml) organic cocoa powder

2 tsp (10ml) Luo Han Guo

¼ tsp (2.5ml) organic Stevia extract powder (not the single serving packets designed for coffee and tea; they are much less concentrated. Look up conversions. Also, at this writing, you have to go to a natural foods store and order it online. Because it is a powder, it is difficult to measure in small amounts. Do not substitute Truvia or any crystallized Stevia blend.)

1 tsp (5ml) orange extract (no other vanilla, almond, coffee, etc. flavouring of your choice. Some people like a bit more.)

Method

Melt your butter, coconut oil and lecithin in a double boiler. If you don't have a double boiler, a heatproof bowl in a pot of hot water will do just as well.

Remove from heat.

Add cocoa powder, Luo Han Guo and Stevia to taste. Add less than the recipe calls for to begin with and add a bit more at a time until it tastes right to you. The amounts listed give a strong-tasting dark chocolate. If you're chocolate aware, but they can be mixed in by hand with a wire whisk.

Add the flavouring of your choice, also to taste. A bit of salt can also be added, but a little seems to strengthen overall flavour.

Line a baking tray narrow enough to fit in your freezer (mine is a bread pan, for example) with parchment or greaseproof paper, pour evenly the dark into the pan and freeze for an hour or more. If you like your chocolate broken up in bite-size chunks, use a strong knife or cleaver and a bonus, freshly.

Before still, invest in a few silicone ice cube trays or mini-muffin pans. They are not all created equal. Some have sharp edges that will make it difficult to pop the chocolate out. Others have interesting shapes. You'll also want a pastry bag. Don't worry if you don't have one. You can just spoon the runny chocolate all over the plate. The forms will be flat and floppy, so you'll need something stiff to go under them all. Narrow enough to fit in your freezer shelf.

After an hour or so check on it, and if not, break it up and repeat. This melts fairly quickly at room temperature and will be all over in a few minutes. Serve with nuts and keep stored in the freezer until you want to eat some or treat your very favourite people.

Dear eBay Seller

eBay recognizes that sometimes a listing may be mistakenly identified by a Verified Intellectual Property Owner or law enforcement as offering an infringing or otherwise unauthorized or illegal item. In the event that such a mistake occurs, you should contact the complaining party directly. eBay will gladly reinstate the listing upon receipt of an acknowledgement of the mistake from the complaining party.

Alternately, if the complaining party does not agree that their request was in error, you may provide the attached Counter Notice Regarding Removed Listing to eBay. The Counter Notice form requests a sworn statement under the penalty of perjury and other information which substantially complies with the requirements of the Digital Millennium Copyright Act, 17 U.S.C. section 512, which states:

To be effective under this subsection, a counter notification must be a written communication provided to the service provider's designated agent that includes substantially the following:

(A) A physical or electronic signature of the subscriber.
(B) Identification of the material that has been removed or to which access has been disabled and the location at which the material appeared before it was removed or access to it was disabled.
(C) A statement under penalty of perjury that the subscriber has a good faith belief that the material was removed or disabled as a result of mistake or misidentification of the material to be removed or disabled.
(D) The subscriber's name, address, and telephone number, and a statement that the subscriber consents to the jurisdiction of Federal District Court for the judicial district in which the address is located, or if the subscriber's address is outside the United States, for any judicial district in which the service provider may be found, and that the subscriber will accept service of process from the person who provided notification under subsection (c)(1)(C) or an agent from such person.

We will not be able to consider your Counter Notice unless you fill out the form in its entirety and physically sign the form. Please make sure that the Counter Notice you send to eBay is legible. If we cannot read your handwriting we will not be able to process your Counter Notice.

Upon receiving the original of your fully completed Counter Notice, eBay will notify the reporting party. If the issue(s) cannot be resolved, eBay will send your Counter Notice to the reporting party. eBay will inform that entity that the listing will be reinstated after 10 business days unless eBay receives notice from the reporting party that it has filed an action seeking a court order to restrain you from re-listing the item(s). ***If the reporting party disagrees with your Counter Notice, they may file a legal action against you to prevent the reinstatement of the removed item(s).*** Alternatively, if they notify us in writing or by e-mail that they no longer object to the item listing, or material, we will reinstate it.

Very truly yours,
eBay Inc

Preface

This introduction to R is derived from an original set of notes describing the S and S PLUS environments written in 1990 2 by Bill Venables and David M Smith when at the University of Adelaide We have made a number of small changes to reflect differences between the R and S programs, and expanded some of the material

We would like to extend warm thanks to Bill Venables (and David Smith) for granting permission to distribute this modified version of the notes in this way and for being a supporter of R from way back

Comments and corrections are always welcome Please address email correspondence to `R-core@R-project.org`

Suggestions to the reader

Most R novices will start with the introductory session in Appendix A This should give some familiarity with the style of R sessions and more importantly some instant feedback on what actually happens.

Many users will come to R mainly for its graphical facilities. In this case Chapter 12 [Graphics] page 67 on the graphics facilities can be read at almost any time and need not wait until all the preceding sections have been digested

FEDERAL NOTICES

IMPORTANT INFORMATION ABOUT PROCEDURES FOR OPENING A NEW ACCOUNT: To help the government fight the funding of terrorism and money laundering activities, Federal law requires financial institutions to obtain, verify and record information that identifies each person who opens an account. What this means for you: When you open an account, you will be asked for your name, address, date of birth, and other information to identify you. You may also be asked to see your driver's license or other identifying documents.

STATE NOTICES

California Residents. An applicant, if married, may apply for a separate account.

Maine and Tennessee Residents. You must have physical damage insurance covering loss or damage to the vehicle for the term of the contract. For a lease, you must also have the liability insurance as described in the lease. You may purchase required insurance through any insurance agent or broker and from any insurance company that is reasonably acceptable to us. You are not required to deal with any of our affiliates when choosing an agent, broker or insurer. Your choice of a particular insurance agent, broker or insurer will not affect our credit decision as long as the insurance provides adequate coverage with an insurer who meets our reasonable requirements.

New Hampshire Residents. If you are applying for a balloon payment account, you are entitled, if you ask, to receive a written estimate of the monthly payment amount for refinancing the balloon payment. A decision with the creditor's existing refinance programs. You would be entitled to receive the estimate before you enter into a balloon payment account. A balloon contract is an installment sales contract with a final scheduled payment that is at least twice the amount of one of the earlier scheduled equal periodic installment payments.

New York Residents: In connection with your application for credit, a consumer credit may be obtained from a consumer reporting agency (credit bureau). Credit is extended to the party or parties extending credit or holding such credit may order additional consumer reports in connection with any update, renewal or extension of the credit, if you ask, you will be told whether a consumer report was requested and, if so, the name and address of any consumer reporting agency (credit bureau) from which such credit report was obtained.

Ohio Residents. Ohio law against discrimination requires that all creditors make credit equally available to all creditworthy customers and that credit reporting agencies maintain separate credit histories on each individual upon request. The Ohio Civil Rights Commission administers compliance with this law.

Rhode Island Residents. Consumer reports may be requested in connection with this application. Buyer has the right in this choice in selecting an insurer to provide insurance required in connection with the transaction subject to our reasonable approval in accordance with applicable law

Vermont Residents: You authorize us and any financial institution with which the credit application is shared, and each of their respective employees or agents, to obtain and verify information about you (including one or more credit reports, information about your employment and banking and credit relationships) that they may deem necessary or appropriate in evaluating your credit application. If your credit application is approved and credit is granted, you also authorize the parties granting credit or holding your account, and their respective employees and agents, to obtain additional credit reports and other information about you in connection with reviewing the account, increasing the available credit on the account (if applicable), taking collateral on the account, or for any other legitimate purpose.

Married Wisconsin Residents. No provision of any marital property agreement, any unilateral statement under Wis. Stat. § 766.58 or any court decree under § 766.70 applies to marital property adversely affects our interest unless you furnish a copy of the agreement, statement or court decree or we have actual knowledge of such adverse provision before credit is granted. If you are making the credit application individually and not jointly with your spouse complete Section A about yourself and Section B about your non-applicant spouse. Your non-applicant spouse should not sign the credit application if you are applying for individual credit.

Prayer to St. Joseph over 1900 years old

O St Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires O St Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord: so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St Joseph, I never weary contemplating you and Jesus asleep in your arms I dare not approach while He reposes near your heart Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath St. Joseph, Patron of departing souls, pray for us Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known

to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ In 1500's it was sent by the Pope to Emperor Charles when he was going into battle

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Make this prayer known everywhere.

MESSAGE:
HELLO WORLD

INDIANA UNIVERSITY STUDY INFORMATION SHEET FOR

Mental Rotation Dual Task

You are invited to participate in a research study of distraction in multitasking tasks involving visual spatial tasks. You were selected as a possible subject because you are an undergraduate student at Indiana University courses students are over 18 years old. We ask that you read this form and ask any questions you may have before agreeing to be in the study.

This study is being conducted by Nathan Roberts. It is funded by the IUPUI Research and Creative Committee of Indiana University Small Grant.

STUDY PURPOSE

The purpose of this study is to determine scale invariant and how people respond to different mental rotation tasks. During the study you will be asked to complete a few demographic questions and then you will complete a few mental rotation tasks. Once you complete the demographics questions you will be presented with 15 minutes of dual task mental rotation puzzles. While you are doing these puzzles you will be presented with 10-15 minutes of auditory questions. These questions will be presented auditorily and you will be asked to respond verbally to each question. For example, you may be asked "How many turns do you make when you drive to downtown?" For another question you may be asked "What is your favorite color?" Once the questions are complete you will be presented with another mental rotation puzzle. This pattern will continue for approximately 1 hour.

PROCEDURES FOR THE STUDY

If you agree to be in the study, we will do the following things:

You will start by answering a few demographic questions. These questions will include questions about your age, gender, race, ethnicity, and education level. Once you complete the demographics questions you will be presented with a few mental rotation puzzles. These puzzles will be presented in a 3D environment. You will be asked to rotate the puzzle piece to match the puzzle piece on the left. Once you complete the puzzle you will be presented with a question. You will be asked to answer the question verbally. Once you answer the question you will be presented with another mental rotation puzzle. This pattern will continue for approximately 1 hour.

CONFIDENTIALITY

Efforts will be made to keep your personal information confidential. No individual identifying information will be collected. We cannot guarantee absolute confidentiality. Your personal information may be disclosed if required by law. Your identity will be held in strict confidence in reports in which the study may be published. Records of this will be accessible only by the researchers. Organizations that may inspect and copy your research records for quality assurance and data analysis include groups such as the study investigators and the research committee. The Indiana University Institutional Review Board or its designees, the study sponsor, Dr. Donna Ed Ignatius (as allowed by law), state or federal agencies, especially the Office for Human Research Protections (OHRP).

PAYMENT

You will not be receive payment for being part in the study.

CONTACTS FOR QUESTIONS OR PROBLEMS

For questions about the study, contact the researcher Nathan Roberts at 502) 875-1417 or by email at nat@iupui.edu.

For questions about your rights as a research participant or to discuss problems, complaints or concerns about a research study, or to obtain information or offer input, contact the IUPUI Human Subjects Office at (317) 278-3458 (IUPUI campus) or (812) 855-4737 (Bloomington) or (800) 696-2949.

VOLUNTARY NATURE OF STUDY

Taking part in this study is voluntary. You may choose not to take part or may leave the study at any time. Leaving the study will not result in any penalty or loss of benefits to which you are entitled. Your decision will not affect your future relationship with Indiana University. Your participation in this study will not affect your current relationship with Indiana University.

Test Description and Clinical Evidence
BCI provides two outputs based on a 23 gene expression (quantitative RT PCR) signature: BCI Prognostic, and BCI Predictive.

BCI Predictive provides a prediction of likelihood o benefit from extended (>5 years) endocrine therapy (EET).[2] Patient results for this test ng 7 4 in within HJ w Low Likelihood v Benef BCI Predictive is based on the HOXB13 IL17RB ra of was validated in the NCIC CTG MA.17 trial.[2,3]

BCI Prognostic for LN+ (1-3 positive nodes) provides an individualized estimate for a patient's risk for distant recurrence in the ate 5-10 (ICI's) s a clear cut (0-5 years post diagnosis time frames, no clear time frame a ssociation) is provided based on pre Test ((ICI Prognostic for LN+ patients (1-3 pos tive nodes) is based on the eight ana combined on all the BCI gene signatures as tested with all or subset of the gnostic BCI prognostic for LN+ patients was validated in blinded study of patients with positive nodes who were treated with tamoxifen endocrine and chemotherapy.[1]

Intended Use & Limitations
The Breast Cancer Index (BCI) Risk of Recurrence & Extended Endocrine Benefit Test is intended for use in patients diagnosed with estrogen receptor-positive (ER+) lymph node-negative (LN-) or lymph node positive (LN+, with 1-3 positive nodes) early-stage, invasive breast cancer, who are at distant recurrence. The BCI provides: 1) a quantitative assessment of the likelihood of late (post-5 years) and overall (0-10 year) distant recurrence following an initial 5 years of endocrine therapy (LN- patients) or 5 years of endocrine therapy plus adjuvant chemotherapy (LN+ patients), and 2) predictions of likelihood of benefit from extension (5+ year) endocrine therapy. BCI results are adjunctive to the treating physician's workup. Treatment decisions made in consultation with all other clinical findings. This test was developed and its performance characteristics determined by Biotheranostics, Inc. It has not been cleared or approved by the U.S. Food and Drug Administration. The test is used for clinical purposes. It should not be required as an investigational or research. How this information is used to guide patient care is the responsibility of the physician. Biotheranostics is certified under the Clinical Laboratory Improvement Amendments of 1988 to perform high complexity clinical laboratory testing.

Part IV **Late Corporate Classification Election Representations** (see instructions)

If late S entity classification election was intended to be effective on the same date that the S corporation election was intended to be effective, relief for a late S corporation election must also include the following representations.

1 The requesting entity is an eligible entity as defined in Regulations section 301.7701-3(a);

2 The requesting entity intended to be classified as a corporation as of the effective date of the S corporation status;

3 The requesting entity failed to qualify as a corporation solely because Form 8832, Entity Classification Election, was not timely filed under Regulations section 301.7701-3(c)(1)(i), or Form 8832 was not deemed to have been filed under Regulations section 301.7701-3(c)(1)(v)(C);

4 The requesting entity failed to qualify as an S corporation on the effective date of the S corporation status solely because the S corporation election was not timely filed pursuant to section 1362(b); **and**

5a The requesting entity timely filed all required federal tax returns and information returns consistent with the requested classification as an S corporation for all the years the entity intended to be an S corporation and no inconsistent tax or information returns have been filed by or with respect to the entity during any of the tax years; or

b The requesting entity has not filed a federal tax or information return for the first year in which the election was intended to be effective because the due date has not passed for that year's federal tax or information return.

Form **W-9**
(Rev. October 2007)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Give form to the requester. Do not send to the IRS.

Print or type
See Specific Instructions on page 2.

Name (as shown on your income tax return)

Business name, if different from above

Check appropriate box: ☐ Individual/Sole proprietor ☐ Corporation ☐ Partnership
☐ Limited liability company. Enter the tax classification (D=disregarded entity, C=corporation, P=partnership) ▶
☐ Other (see instructions) ▶

☐ Exempt payee

Address (number, street, and apt. or suite no.)

Requester's name and address (optional)

City, state, and ZIP code

List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

or

Employer identification number
___ ___ - ___ ___ ___ ___ ___ ___ ___

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. See the instructions on page 4.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity

WHATCOM CENTER *for* PHILANTHROPY

BUILDING COMMUNITY TOGETHER

Whatcom Center for Philanthropy – Meeting Room Reservations

The Whatcom Center for Philanthropy (WCP) is a collaboration between the Chuckanut Health Foundation, United Way of Whatcom County and the Whatcom Community Foundation. These three philanthropies are pursuing new and different ways of working together as well as with our nonprofit partners in order to better serve and support all of our Whatcom County neighbors. Each organization has its own suite of offices as well as shared conference rooms that are available for use by our nonprofit partners free of charge. Our goal is to create an environment where connections are made, ideas are shared and great things can happen.

We are happy to announce that local nonprofit organizations that have a professional association with Chuckanut Health Foundation, United Way of Whatcom County and/or Whatcom Community Foundation may now request to reserve these meeting rooms.

Rooms Available for Use

1. *The Large Conference Room* has seating capacity of 24 for theatre or classroom style events. The room has ten 6-foot tables equipped with power and Wi-Fi access, a ceiling mounted projector and screen and a wall mounted monitor with Wi-Fi capability. The room also has a small kitchenette with sink and refrigerator.
2. *The Small Conference Room* has seating capacity for ten with four 5-foot tables with power receptacles. The room is equipped with a wall mounted monitor and Wi-Fi access.

Bev Oberlander – Personal NF Story

My name is Beverly Oberlander and I am the middle generation of a multi-generational family that battles Neurofibromatosis Type 1 or NF on a daily basis. As the middle generation, I have seen the devastation of this disorder from every possible perspective: patient, parent and family member. My father had the disease, as did 1 of my sons, my brother and 4 of my nieces. I lost my father to the disease, and my brother to esophageal cancer. The NF gene is what is known as a cancer predisposition gene and greatly increases the risk of developing a malignancy. As to my dad, the NF tumors grew in his lungs and the doctors couldn't do anything to help him. As it was, during the last several years of his life, he had multiple surgeries to remove tumors from his back and spine, some the size of tennis balls and many of them malignant.

I have had some of the more potentially deadly complications of Neurofibromatosis. During my pregnancy I was diagnosed with a pheochromocytoma, a potentially deadly adrenal tumor and spent nearly five months in the hospital. The doctors took my son a month early and I spent the next several days in the ICU. Both my son and myself were given a 50% chance of surviving the pregnancy. Two years later, I had a good portion of my stomach removed due to a massive neurofibroma in the stomach wall and at the same time, the surgeons found a cervical tumor on my liver which they "shaved off" to get to the technical terms the doctors used. I also have hundreds of tumors both internally and externally throughout my body as these tumors can grow anywhere.

I am also a breast cancer survivor which may also be linked to neurofibromatosis, as women with NF are 3.5 times more likely to develop breast cancer. An interesting fact found in recent research is that many breast cancer tumors, even in women without neurofibromatosis, have been found to have mutations in the NF1 gene so this research helps so many other people for the NF population. 75% of human cancers follow the same pathway as the NF pathway.

My brother, who I had to esophageal cancer, was so covered in tumors that doctors had a difficult time finding a place to insert a port for his chemo treatment. Although it is uncertain whether or not his cancer was directly related to neurofibromatosis, it is known that the NF1 gene is a cancer pre-disposition gene so a link between the two is likely.

Agreement

This agreement is regarding child support payment and visitation of Kaylee Renee Martell

Aaron Martell, father of Kaylee Renee Martell is pursing to become enlisted in the military. He agrees to pay the amount of $1000.00 to Jennifer Wheelock as a good faith deposit and an additional $150.00 per month. All this towards the support of Kaylee Renee Martell

In return, Jennifer Wheelock agrees to drop all previous child support contempt orders (including the current one pending) and to inform child support enforcement that Aaron Martell is currently caught up on all his previously owed child support and everything should be taken off.

Jennifer Wheelock also agrees to allow Aaron Martell to get Kaylee Renee Martell at his residence for at least 2 months out of each summer, and to alternate other holidays and birthdays as time and money allows.

G Troubleshooting

If the device does not appear to be updated correctly, please try the following before contacting the Lexmark Technical Support Center for assistance:

1. Verify that the firmware settings are for updating by printing out a menu settings page and confirming that the new firmware level is listed.
2. Verify that the firmware package you are trying to update is correct for the device you are trying to update. (Check the README file that is part of the update package.)
3. Power off the device and back on and then try to update the device again.

H. LEXMARK TECHNICAL SUPPORT AND ELECTRONIC SERVICES

For technical assistance, visit our support site at www.lexmark.com. For telephone support in the USA, Canada, or Puerto Rico, call 1-800-LEXMARK (1-800-539-6275). For support in other countries/regions, see the support telephone list that came with your printer.

When calling for support, please be ready to describe the problem you are having, the message on the operator panel, and the type of computer you are using. You will need your machine type and serial number. For machine type and serial number information, see the label on the back panel of the machine.

For software updates, technical support documents, drivers, and electronic services, visit the Lexmark Web site at www.lexmark.com.

Fax something interesting toll free to 1-888-877-1655 or 1-503-200-1300

To the right are panes that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to **1 888 877 1655** (your boss will never notice... maybe) or 1 503-200-1300 (long distance to Portland, Oregon) and it should appear here within a couple of minutes. (It's a toll-free number if you're in the USA.) Keep it clean & legal.

Fax single-page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to snip off the ten few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work.

We hate spam and junk faxes, and will absolutely not send you any unsolicited e-mail or faxes. We won't share your information with marketers or anyone else.

To calculate CNR of real data first sum the values in the frequency bins within the signal bandwidth (±5 bins from the peak frequency) of the spectrum for the given range gate.

$$P_{Tsig} = \sum_{i_{peak-5}}^{i_{peak+5}} P_i$$

the Wideband CNR is then

$$CNR_{wb} = \frac{P_{Tsig} - N_{sigraw}P_{ns}}{N_{wb}P_{ns}}$$

Where P_{ns} is the average noise power

$$P_{ns} = \left(\frac{1}{N_{wb} - N_{sigraw}}\right)\left(\sum_{i=1}^{N} P_i - P_{Tsig}\right)$$

N_{sigraw} is the number of bins within the signal bandwidth and N_{wb} is the number of bins in the spectrum

$$b_{wb} = \frac{NFFT}{2}$$

and

$NFFT$ = number of points in FFT

WOOD DESTROYING INSECTS INSPECTION REPORT ADDENDUM

Louisiana Residential Agreement to Buy or Sell (the "Agreement") dated _____

_____

Regardless of any inspection performed or available to BUYER, SELLER shall provide at Act of Sale a wood destroying insect report issued dated within thirty (30) calendar days prior to the Act of Sale by a pest control company licensed by the State of Louisiana indicating no visible evidence of active infestation. If either the BUYER's wood destroying insect report or the wood destroying insect report obtained by SELLER indicates active infestation, SELLER shall provide at SELLER's expense extermination and treatment of the active infestation by a licensed pest control company prior to the Act of Sale.

If structural damage caused by wood destroying insects is revealed, SELLER shall select one of the following two (2) options and notify BUYER as set forth below:

Option 1: SELLER agrees to repair such structural damage prior to the Act of Sale; or

Option 2: SELLER shall not make any structural repairs and give BUYER the option to accept the Property with such structural damage or terminate the Agreement. If BUYER terminates the Agreement due to structural damage as provided in this paragraph, BUYER shall be entitled to return of the Deposit and to recover from SELLER actual costs incurred in processing of the sale as well as legal fees incurred by BUYER.

Notice to BUYER shall be in writing and within five (5) calendar days of receipt by SELLER of the wood destroying insect report or the date of the Act of Sale, whichever is earlier.

All other terms and conditions contained within the Agreement remain unchanged.

Hi [illegible],
I'm looking to have a custom wood banquette/bench built in my kitchen. I have a sketch drawn of what I'd like but need a recommendation on someone to design my details. Could someone pass on a recommendation? Thank you.

Ok, 28 recommendations in 35 neighborhoods

sight slot while stacking base-up numbers in the back keep your devices connected to the appropriate power adapter. Custom-fit power adapter slots accommodate all models of MagSafe power outputs.

- Owners Manual [922-3LLA (All Unit Carts)]
- Book & Lock Assembly Instructions

Easier to Power

On top of the cart, we've included a non-obtrusive electrical outlet, suitable for powering a printer or other shared peripherals. Inside the cart we've provided a 1-amp, always-on outlet. MobileP 8ft 8 wireless access point. And thanks to our Intelligent Power Management System, the entire cart runs from a single power cord.

Smooth Moves

One of our goals in this redesign was to make our carts easier to move around your classroom and campus. We did this by reducing the size by 20 percent, and by adding all new locking swivel casters. Two casters swivel and lock to keep your cart in place, while the other two can swivel. Or by flipping an easy tie-bar, lock straight for your long trips across the building. These all-new casters have passed our rigorous cycle testing, allowing through a typical school double-door threshold 13,000 times without failing.

The Next Generation in Mobile Labs

Charge intelligently, store neatly and move your mobile devices easily throughout your classrooms and building. Whether you're using MacBook Air or MacBook Pro, we designed the Stratford Mobility Cart to please some your learning environment.

Have people ever tampered with a meal and then served it to a rude customer?

Jason D. Jones, Started my media career as a photojournalist and radio DJ in 1987

I worked as a waiter at Red Lobster while I was in college and I got treated like shit by innumerable customers. I knew about and heard about people who spit in food or did other shitty things, but I never did that. Every night I had a section of tables that I considered my own domain and I did my best to take good care of the people who were seated there. It didn't take me long to be able to identify the shitheads when they got seated in my section, but I never would have tampered with their food. Instead, I just attended to the needs of the others in my section first. They were the people who would tip me...or at least treat me like a human being.

FOR WORKFORCE NOW®

4500 Time clock

RELIABLE DATA COLLECTION

ADP's 4500 Time clock is an advanced, easy-to-use time and attendance terminal designed for use with ADP's Web-based Workforce Now® suite of solutions. Time & Attendance software captures employee data for improved payroll accuracy and enhanced workforce productivity. Employees will appreciate the user-friendly, touch-screen interface, and managers will love the tools they need to manage employee time and attendance more efficiently.

FEATURES AND BENEFITS

- **Employee self-service** – Empowers employees to work more productively and accurately by allowing them to view and manage their own time and attendance information, request changes to their work schedules, punch in and out, and take paid time off (PTO).
- **Manager self-service** – Saves time by providing managers with web-based tools to approve timecards, and easily collect all time and labor data in one location.
- **Flexible time allocation** – Provides employees with a quick, easy way to record labor hours when they change jobs, perform multiple functions or switch projects.
- **Consistent policy adherence** – Helps companies enforce time and attendance policies consistently, such as meal and break rules, lunch deductions, and preventing employees from clocking in during unscheduled times.
- **Consolidated door access and time and labor management** – By leveraging the 4500 Time clock's proximity card reader, employers can use the same device to control door access and track employee time and attendance.

Weather Forecasting

Introduction

Congratulations! You have successfully completed studies in a wide range of weather variables including dew point, relative humidity, temperature variations between air masses and more! Now its time to apply your knowledge by serving as a meteorologist for a major city somewhere in the US. Think carefully and make decisions that you can defend with confidence!

Materials

- Your brain!
- Your classmates
- The weather map packet
- The *Earth Science Reference Tables*
- Your note sheets
- Textbooks
- The Internet

Methods

You will be given a packet of *today's* weather maps and data. This is the real deal! Using all of the resources above, determine the weather forecast for 24 hrs from now. You only need to determine the forecast for you assigned city, but *make sure that you can back up your predictions with facts!*

Results

By the end of class each person should

- Complete the forecast guideline sheet with well thought out responses written in complete sentences
- Create a poster that includes (check these off as you complete them)
  - your city name
  - weather for day #1
  - your forecast for day #2
  - space to add your actual weather for day #2
  - space to add your forecast for day #3
  - space to add the actual weather for day #3

Discussion

Use your time wisely! If you get "stuck", run through your list of references and look for any that you haven't used.

Make sure you are a productive member of your group! If you want to see how well you are meeting expectations take a look at the grading rubric on the back of this page to see how your effort matches up.

Conclusion

I have been very impressed with the work you put into the weather variable labs. Keep that momentum rolling here, and show me how you can apply what you have learned!

The 1967 Monterey International Pop Festival was a coming out party for the psychedelic movement. For those not living in and around the San Francisco Bay Area it was enlightening to say the least (many would describe it as life changing). The Festival took place June 16-18 and featured Jimi Hendrix (certainly the event was a coming out party for the legend as well), The Who, Grateful Dead, Janis & Big Brother & Jefferson Airplane & Otis Redding. Offered here is the original poster style of the Festival. The image was designed by Tom Wilkes, and is featured in "The Art Of Rock" plate 3.5

This poster measures 12 1/8" x 21 3/8, and is of near mint (NM) condition with excellent/luminous saturation which is hard to believe given the fact that the colors are sharp, the edges smooth. It is fully (mint). This one of the truly iconic pieces from the psychedelic movement printed prior to (and not at) the festival. Please call Jim at (508) 252-4403 with any specific questions.

Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service.

Print this document for easy reference by selecting the **Printer Version** link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the document below:

NOTE: Be sure that your phone number is not currently blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll-free number will override the Caller ID blocking feature in most areas. Other phone company features can prevent you from receiving a fax, examples: voice mail, call blocking, or call privacy manager.

NOTE: Whenever troubleshooting a fax issue, it is good practice to set the document fax quality option to Many times before attempting a test fax. This way, even if the test includes an error more will be perceived that will guide you in future troubleshooting. This option is available in different places on different products and consult the product User's Guide for specific steps.

1. Send a one page black and white test fax to 1-888-473-2887).
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within the number confirming that we received your fax. This verifies that your unit both sent and received a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE: The most common cause of failure is that the fax number entered at the Fax Receiver on the machine does not match the number of the phone line connected to the fax. Also, ensure that the technician inserted the full 9-digit telephone number at the destination, including the area code.

For more information or assistance, click Contact HP at the top of this page.

LAW ENFORCEMENT POLICY STATEMENT

Policy No OIR	Subject: Weapons Carry		Page 1 of 1
Supercedes No	Effective Date: 08/1/2011	Authority Chief of Law Enforcement	
Reference			Revised

16-11 126

The intent of this OIR is to ensure uniformity statewide in regards to checking individuals for a Weapons Carry License A carry license holder may possess/carry a weapon in all parks, historic sites, in recreational areas including all publicly owned buildings located in such parks, historic sites and recreation areas, in wildlife management areas, in public fishing areas, and on public transportation provided that a person shall not carry a handgun into a place where it is prohibited by federal law

Any person with a valid hunting/fishing license and is legally hunting, fishing, or sport shooting is not required to have a carry license to carry a weapon provided they have permission from the land owner

The mere possession of a weapon in any of the above-mentioned areas does not constitute a basis to check for a weapon s carry license An officer may check for a weapons carry license when he or she is able to articulate why there was sufficient reasoning to question if the subject is legally carrying a weapon On a state park or historic site, if the individual is unable or refuses to produce a weapons carry license when asked, the officer may charge the individual with possession of a firearm on a state park (12-3-10.)

When an officer feels the necessity to ask for a weapons carry license, he or she may temporarily seize the weapon, but must be able to articulate that the suspect is dangerous and the suspect may gain immediate control of the weapon. (The State v Jones, 289 Ga. App 176 (2008)

MetLife

Total Control Account Features
The Total Control Account® (TCA) Settlement Option Provides...

Interest

- You. TCA earns interest from the date it is established. MetLife sets the TCA rates weekly. Changes in the interest rate will be applied prospectively. The interest credited to your TCA will never fall below the effective annual yield guaranteed in your Customer Agreement, and will equal or exceed the rate established by at least one of the following indices: the prior week's Money Fund Report Averages™/ Government 7-Day Simple Yield or the Bank Rate Monitor™ National Money Market Rate Index.
- Interest is compounded daily and credited monthly to your TCA. (Generally, the interest you are paid will be subject to income tax. You should consult your own advisors about your particular tax liabilities and investment options.)

Immediate Access to Funds And Flexibility

- The assets backing your TCA funds are maintained in the general account of **MetLife** or the **MetLife** insurance company affiliate that issued the underlying policy (the "Issuing Insurance Company").
- **You can withdraw all or part of your TCA balance immediately** or any time thereafter, without penalty or loss of interest, by writing a draft to yourself. You can write drafts from a minimum amount of $250 up to the full amount, including your interest, in your TCA at any time.
- There are no limits on the number of drafts you can write each month. The drafts MetLife provides to Accountholders are generally accepted by merchants and financial institutions that accept checks. As with any check or draft, please allow time for processing through your bank.
- You can name a beneficiary to receive your TCA balance in case something happens to you.
- **Please note. A check will be issued to you if required by state law, regulation or direction.**
- The obligation of Metropolitan Life Insurance Company (MetLife) or the Issuing Insurance Company to pay the total benefit or proceeds is satisfied by the delivery of your TCA draftbook.

No Monthly Maintenance Fees

- There are no monthly maintenance fees for your TCA, and no charges for withdrawals or drafts.
- There are no monthly service or transaction charges. There is no charge for printing or reordering drafts.
- Please note: automatic electronic fund transfers, electronic bill payments, and phone payments are not available from TCA.

You may be charged a fee for special services or overdrawn TCA. The fee will be withdrawn from your TCA. The current special service fees and overdraft fees are: draft copy $2; stop payment $10; overdrawn TCA $15; wire transfer $10. In accordance with your TCA Customer Agreement, special service fees or fees for overdrawn TCAs are subject to change by the processing bank. MetLife may change you a fee if you request overnight delivery service. The current fee for overnight delivery service is $25.00.

TCA Services

- MetLife sends you a quarterly statement regarding Account balances and activity.
- Statements are also sent monthly if there has been withdrawal activity in the Account.
- Dedicated Service Representatives are within easy reach to answer any questions you may have about your TCA. **Including interest rates, by calling Customer Service at 1 800-638-7283.** Callers with a TDD may call **1-800-225-3037**. You may also write to Metropolitan Life Insurance Company, PO Box 6300 Scranton, PA 18505-6300 Attn TCA.
- Information about your TCA is available to you electronically through MetLife's eSERVICE website at www.metlife.com.

Government's have investment and enterprise motives that new tax scams like tax revenues. Governments therefore are fully capable of being self-centering without taxation. Tell me, gaming and small businesses will no longer face the constant harassment by legislators to pick the r pockets. Comprehensive Annual Financial Reports (CAFR) are our local governments' statements of net worth built up over decades. Governments use GAAP to list their assets as "enhanced land like fixtures" to shape the public into believing these investments should be main tained for a good purpose for which actually serve as power-based holding funds for the government. In turn the governments then obtain their new assets by operating at its discretion when requesting funds as they claim they must raise your taxes. This is a convenient occupancy of title us. As Glover has well stated governments e liberating the potential of this wealth. This plus eliminates the petroleum relationship between the government agents the people and business bonds so everyone e happy making money. In fact, the people and businesses will actually cheer such governments. Truthfully as Jesus said when asked to tax question "The children are free." Walter Burns makes the excellent argument on his website, I...What is Taxation? ANSWER. A revenue source 2. What is Investment Return? ANSWER: A revenue Source...3. What do Enterprise operations do? EPSON
EXCEED YOUR VISION

What is the Airspeed velocity of an Unladden Swallow?

Congratulations, you have successfully installed your new Epson printer!

Here are some tips for getting great prints:

- Genuine Epson inks have been engineered to deliver stable, long-lasting photographic quality when used with Epson papers.
- To protect your photos: frame them under glass or store them in archival sleeves or albums. Your prints will last for generations!
- Epson offers an extensive line of specialty papers that provide outstanding results when used with Epson printers and genuine Epson ink.
- For best results: make sure the paper type selected in your printer software is right for the type of paper loaded in the printer. See your documentation for more information.

ZoomRx Healthcare Surveys
Simple Surveys. Instant Payments.

Dr. Fax Toy

You should join ZoomRx's HonoDoc Physician Network.

What is ZoomRx?	ZoomRx is a company that helps pharmaceutical companies get feedback on their products and services from physicians like you.
What kind of surveys?	We will periodically send you short, easy to answer surveys.
Why should I participate?	ZoomRx is a great way for you to share your experiences and contribute to research.
THE RUSH *Why is this worth my time?*	Our surveys are specifically designed to fit into busy physicians' schedules. Each survey takes only a few minutes to complete, and you will be compensated for your time.

Join through our partnership with healthcare industry survey provider World Opinion Panel. Just fill out the form and we'll send you a unique URL to the open, secure, and private survey. It takes a couple minutes to complete, and you'll receive a check in the mail for your time and effort. Your responses are kept confidential.

Sounds interesting. How do I get started?

It's easy as 1-2-3.

1. Go to www.zoomrxsurveys.com/getstarted and enter the application code:

   QWVVYK

2. Voilà! You're a member of ZoomRx!

Hiway to hell

Our Father which art in heaven,
hallowed be thy name.
thy kingdom come;
thy will be done
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil
[For thine is the kingdom
the power, and the glory,
for ever and ever.]

More Supplements to Lower YourRisk of Cardiovascular Disease

Policosanol

Policosanol or inositol hexanicotinate, is a natural supplement made from sugar cane. It caused a 26-percent reduction in totalcholesterol and a dramatic increase in HDL cholesterol in a double-blind, placebo-controlled trial of more than 200 participants. Other studies get similar results with policosanol. For example, in a double-blind, placebo-controlled study, older patients with hypertension and high cholesterol were put on a cholesterol-lowering diet for six weeks and then treated with either policosanol or a placebo for one year. The results showed the policosanol group had lowered serum LDL cholesterol by 20.5percent, lowered total cholesterol by 15.4 percent, lowered triglycerides by 11.9 percent, and increased HDL (good) cholesterol levels by 12.7 percent. The policosanol group also had lowered systolic

ALL SALES ARE FINAL. NO REFUND. NO EXCHANGE.
This receipt shows that the person mentioned above is responsible and agrees to the payment for the total written amount on this receipt. All screen repairs carry a 180 day limited warranty. Battery replacements and motherboard soldering carry a 90 day warranty. Repairs done by I Can Fix It For You may void your apple warranty as stated in the Apple user agreement. All water damage repairs are cash only. There is no warranty under any type of water damage repair. Any tampering with the phone after the time of repair will void your warranty. Any repair or device left for more than 30 days, will be considered "abandoned" and a property of I Can Fix It For You Inc. All sales require a receipt for validity of warranty. For devices with LCD damage, I Can Fix It For You Inc. is not responsible for the malfunctioning of the device during repair or for any other issues that might occur after the repair. Since we are unable to test the device properly and fully, we cannot hold a retailer accountable for any damage that was not seen before the repair started. The warranty provided does not cover any physical or accidental damage such as cracks, scratches, breaks, falls, or drops. If there is any damage in your LCD (the display underneath the glass) that will not be covered under the warranty.
I Can Fix It For You is not responsible for your personal data. Please take all proper steps necessary to backup your device before handing in your device for service. By handing in your device, you agree and understand the terms and conditions set forth by I Can Fix It For You, Inc.

NAME

intro — introduction to general commands (tools and utilities)

DESCRIPTION

Section one of the manual contains most of the commands which compose the BSD user environment. Some of the commands included in section one are text editors, command shell interpreters, searching and sorting tools, file manipulation commands, system status commands, remote file copy commands, mail commands, compilers and compiler tools, formatted output tools, and line printer commands.

All commands set a status value upon exit which may be tested to see if the command completed normally. Traditionally the value 0 signifies successful completion of the command, while a value >0 indicates an error. Some commands attempt to describe the nature of the failure by using exit codes as defined in `sysexits(3)` while others simply set the status to an arbitrary value >0 (typically 1).

Yet another source of uncertainty is both the data generation and the transmission processes. Consider viewing a trajectory. It is sometimes possible to see outliers, suddenly locating the vessel [illegible] (perhaps even more than 31855 (0x7c67)) due to some malfunction of the vessel's system or [illegible] (a faulty bird or radar emissions are a factor here). We cannot expect to receive [illegible] and should be taken for granted that corrupt data streams are going to be fed to the system.

These sources of data uncertainty are more or less obvious. What is less obvious is another [illegible] uncertainty: we might be pressed even in the rare case where we have crystal clear data. [illegible] vessel and, following a pattern for detecting possible collisions by projecting in the future vessel trajectories and determining whether these future trajectories

DO WE WANT TO KEEP ADDING PATTERNS TO A SYSTEM?

Within the port context, this behavior should be considered [illegible] (time etc.) should be changed so that a warning is produced only when there "really" is a danger given the port conditions. But imagine another scenario in which two vessels, away from any ports this time, are indeed on a "collision" course. But they have actually agreed beforehand to meet (e.g. for an inspection). Another case of a false projected collision is a rescue operation.

Description

Pattern Refinement

One solution to the problem of [illegible] behaviors satisfying a pattern might be simply to refine the patterns in order to capture all the possible cases. However, there are two problems with this approach.

04/17/2017 17:48

First, such an ad nauseam pattern refinement might not even be feasible, since we might lack the necessary knowledge, especially at the early stages of system deployment.

Second, the question remains whether we want to keep adding patterns to the system for every possible case given the performance cost that they might incur. Early detection of a behavior based on a possibly not complete pattern, could be preferable to a near perfect but delayed (and therefore possibly useless) one, especially for critical situations (this is the case of "better safe than sorry").

CancerTYPE ID

Molecular Classification with CancerTYPE ID

FFPE Tissue Processing & Tumor Enrichment

- CancerTYPE ID requires as few as 300-500 viable tumor cells and is compatible with limited biopsy specimens such as FNAs, cytological specimens, and small core needle biopsies
- CancerTYPE ID routinely employs laser guided microdissection to enrich for tumor specimen

Gene Expression Profiling

- CancerTYPE ID uses a robust real-time RT-PCR platform to detect very small differences in gene expression
- CancerTYPE ID measures and integrates the gene expression of 92 genes, 5 normalization genes and 87 lineage determinant and tissue-specific genes, most of which are not routinely measured by IHC

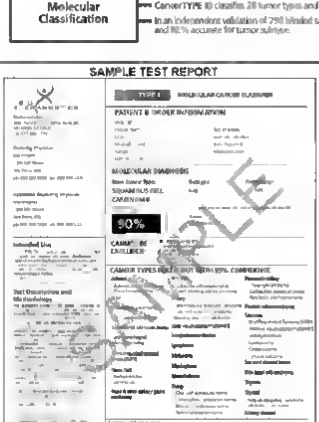
Reference Tumor Database & Algorithm

- CancerTYPE ID uses a computational algorithm to predict the patient's tumor type based on the degree of similarity of the sample's 92-gene expression profile to a reference database of gene expression profiles. The reference database contains gene expression information from over 2,000 tumor specimens of known histogenesis, and representing ~95% of all solid tumors based on incidence
- the CancerTYPE ID algorithm provides a predicted main type and any sub-types in rank-order by relative probabilities, which are based on the tumor's gene expression similarity to tumors of these types in the reference database

Molecular Classification

- CancerTYPE ID classifies 28 tumor types and 50 tumor subtypes.
- In an independent validation of 2998 blinded samples, the molecular diagnosis was 87% accurate for main tumor type and 86% accurate for tumor subtype.

SAMPLE TEST REPORT



Interpreting CancerTYPE ID Test Results

MOLECULAR DIAGNOSIS
The tumor type with the highest probability is reported as the molecular diagnosis. In this example, the patient's tumor has 90% probability of matching squamous cell carcinoma (non-lung subtype) within the CancerTYPE ID reference database. If the highest probability is <70% the tumor is reported as indeterminate. In this case, the test report will still indicate tumor types that can be ruled out and those that cannot be excluded.

CAN NOT ID EXCLUDED
When applicable, tumor types from the CancerTYPE ID reference database that show some gene expression profile similarity to the patient's sample such that they cannot be excluded from diagnostic consideration will be listed here in relative rank order

RULE OUTS
The CancerTYPE ID test report also lists tumor types that can all be ruled-out with 95% confidence. In an independent validation of 2998 blinded reported Rule-outs were 95% accurate. This may provide useful differential diagnostic information when two or more potential tumor types are suspected and one or more cannot may be indicated in the test note.

How to test sending and receiving of a fax machine

Filed in Tech Tips on Nov 05 2009

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here s how to do both

To test the send functionality of your fax machine, send a one-page fax to 1-888-877-1655 or 1-503-200-1300 When it s finished transmitting, point your web browser to Fax Toy — it s a fun web site that displays whatever is faxed to that number Within a minute, your fax should appear on the site Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. this site lets you send faxes for free to anywhere in the United States and Canada Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax

GotFreeFax.com also allows user to send free fax online to the US and Canada. User can either upload a PDF/Word file or enter text to fax Plus it does NOT add Ads to user s fax and is suitable for faxing formal documents.

INTRODUCTION

The DUALSAW CS 450s has many special features that make this tool very different from other circular saws. Please read and understand this manual before using this product.

WARRANTY

DUALSAW® – LIMITED ONE YEAR WARRANTY

This warranty covers all defects in workmanship or materials in your DUALSAW® for a period of one year from the date of purchase. This warranty does NOT cover blades and accessories.

HOW TO GET SERVICE

Just return the DUALSAW® properly packaged and postage prepaid to our Authorized Service Center. You can obtain the location of the Service Center by calling 1-855-382-5729. When you request warranty service, you must also present proof of purchase documentation, which includes the date of purchase (sales receipt). We will repair any faulty workmanship, and either repair or replace any defective part, at our option. We will do so without any charge to you. We will complete the work within 30 days or less.

WHAT IS NOT COVERED

This warranty applies only to the original purchaser and may not be transferred. This warranty only covers defects arising under normal usage and does not cover any malfunction, failure or defects resulting from misuse, abuse, neglect, alteration, modification or repairs by other than the Authorized Service Center. Infusion Brands, Inc. makes no warranties, representation or promises as to the quality or performance of its power tools other than those specifically stated in this warranty.

PRODUCT REGISTRATION

To get information on product updates, special offers and warranty claims, register your DUALSAW CS 450s on our website www.DualSaw.com

Here is what you will need:

- Sales Receipt
- **Machine Serial Number (located on the handle of your saw)**

GENERAL SAFETY RULES

SAVE THESE INSTRUCTIONS

WORK AREA

- Always keep your work area clean and well lit. Cluttered benches and dark areas invite accidents.
- Do not operate power tools in explosive atmospheres, such as in the presence of flammable liquids, gases, or dust. Power tools create sparks, which may ignite the dust or fumes.
- Keep bystanders, children and visitors away while operating a power tool. Distractions can cause you to lose control.

ELECTRICAL SAFETY

- Avoid body contact with grounded surfaces such as pipes, radiators, ranges & refrigerators. There is an increased risk of electric shock if your body is grounded.
- Do not expose power tools to rain or wet conditions. Water entering a power tool will increase the risk of electric shock. If operating the power tool in damp locations is unavoidable, a Ground Fault Circuit Interrupter must be used to supply the power to your tool. Use Electrician's rubber gloves and footwear to further enhance your personal safety in damp conditions.

Hail Mary

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima.

When you receive this email say a Hail Mary and ask for a special favor

"Hail Mary, full of grace. The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death. Amen." (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has been traveling since 5/13/07!

Rattle Kit instructions

Soak Rawhide Rattle in cold water for 4 to 5 Hours. Basic stick if desired

Place rawhide back to back leaving the smooth side facing out.
Put sinew in the needle start at the top where the stick will go in,
It doesn't matter what side you start on
Go through both layers of the hide starting at the first hole.
You will want to leave 6 inches of sinew to tie a knot before continuing sewing the rest of the rawhide up.

Sew together using a th one hole up through the next hole.
Continue to stitch all the way around the rawhide until you reach the other side, start back the other direction stitching the opposite way than you started so the sinew looks like a solid line of sinew all the way back to the beginning.
Tie off with a triple knot. Leaving the remainder of the sinew to wrap around the stick.
Use a small funnel if you have one or a paper cup to fill completely with sand. Tap rattle lightly so sand is packed tightly leaving just enough room to put stick in the end.

Sanding one end of the stick will make it easier to put your stick into the rawhide rattle that you just made. After you put the stick into the rawhide tie the leftover sinew around the rattle. Hang by the leftover sinew overnight or until rawhide is completely dry the unwrap sinew that's around the stick pull out stick pour out the sand and add small rocks, beads bb's for the desired sound
Put stick back in rawhide then re-wrap sinew very tight and tie a knot.

Hello!

This is a sample test file which is being sent to you as per your request via the Interpage FreeFax(sm) Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO. field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.

This file is a sample MS Word file; many other file types are supported.

If you have any questions regarding Interpage's OutFax(sm) Service, including the FaxUnlimited(sm) service with no-per or per-minute charges, please feel free to contact us at:

Phone: +1 (510) 315-2750 8AM to 5:30 PM M-F Pacific Time

E-Mail: (ns)-support@interpage.net

Web: http://www.interpage.net

Thank you for your interest!

Notes: 1. Due to the malicious use of the FreeFax service, Interpage will no longer transmit personalized text messages; only the above fixed sample message will be transmitted. You may establish a trial account for evaluative purposes by filling out the form located at *https://www.interpage.net/cgi-bin/ff-trial.html*, omitting any billing information, and clearly including a valid e-mail address and contact telephone number. Please call (510) 315-2750 for additional details.

2. This fax is not a solicitation nor is at an offer. It was sent by a visitor to Interpage's web site who entered your destination number as a recipient of this test fax. A single destination may not receive more than two tests in a given week, however. If you find that someone is sending you faxes in a continuous and abusive manner, please call us at (510) 315-2750 and we will block your fax number from the FreeFax service.

A [illegible] ladder leans against a [illegible] building. The ladder is 20 feet long. The bottom of the ladder is pulled away from the building at a rate of [illegible] feet per second.

(a) How fast is the top of the ladder moving down the side of the building when the top is 12 feet above the ground?

(b) How fast is one angle of the triangle formed by the ladder, building, and ground changing then? (Hint: You will need the value found in part (a).)

(c) At what rate is the area of the triangle formed by the ladder and the ground changing then?

b. Let $f(x) = \sin^{-1}(\frac{x}{2})$

(a) Find the derivative of $f(x)$, $f'(x) = ?$

(b) Use your linearization to approximate $\sin^{-1}(1)$

Doctors In Translation

Doctor: "This should be taken care of right away."

Translation: I'd planned a trip to Hawaii next month, but this is so easy and profitable that I want to fix it before it cures itself.

Doctor: "Let me check your medical history."

Translation: I want to see if you've paid your last bill before spending any more time with you."

Doctor: "We have some good news and some bad news."

Translation: The good news is, I'm going to buy that new BMW. The bad news is, you're going to pay for it.

Our Father, which art in heaven,
hallowed be thy name,
thy kingdom come,
thy will be done,
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil
[For thine is the kingdom,

無科技日

■小康

人類發展至今，科技日新月異，無論是電腦、網際、手機、網路，不斷的有新技術推出，我們也實際有這些科技產品的陪伴，總覺得一天，都有這些新科技體品，就是什麼樣的世界啦？

都是家庭孩子正值青少年，父母親或許都有這樣的經驗，跟友朋友家作客，孩子都不總是在，總會在房裡忙著事可做，只出沒有聞聞，現在的新能手機總許解決了這個問題——它可以上網，也可以當計算機——只是，孩子們與他人互動的能力卻多了，除了學校的機構外，生活中就只有關聯，網聚聯手機，和朋友調聯都是用「短訊交換」簡「聯訊」，都是沒不會，那就不通了！

上個五一女兒下課回家，總老師出了個題的一個功課，「No Technology Days」，規定她們在那次總不可以使用新科技產品，包括了電腦、網絡總手機，也就電視可看，聽影，總都帶都不行，同時還要寫一篇作總，報告這個周末的感受，以及在有科技的生活總裡，或，這真是一個非常棒的點子，我想家長們都會贊成，總老師，其有孩子們與常常天，不論如果不做老總的作總，必須要用電腦時，不在這限——女兒平時很為電腦，常用電腦，還總也會與常「電腦交總」，若有空閒，她喜歡看電腦打雜時間，每當我們臨時總電用時，往往就有些不總快，但是這題總來，她自己非常有總力地不去使用這些有百，都總同輩家玩，也是把父母總幫忙電腦總總不成行，她最終放棄研究，同時也達成了中文的總，當子總室裡，我們就照新總的行為，但她總自己不需要這樣的生活，希望與朱總裡走完。

都總一的早上，都總開心期 「No technology days總的題來了！」做學時，總更是興總地考新技總！「全班只有我做到『No Technology』！電打了總總總老師都說，希望總總都再總再總一多總這題『無科技日』的功總。

別問我年紀

■彭鏡禧

我常總總大多數的女性都不願意告訴陌生人自己的年紀，具不論是面對什麼國籍、文化或是不受把年紀總在嘴上。在美國社交場總，每一部不成文的總總：不可詢問對方的年紀和薪水，我本來有過一兩次女性朋友的年紀，從總的總總裡，入境總總，在美國是不被問起的。

Squid and Active Directory authentication.

Posted by admin on February 11, 2009 under Active Directory, Linux, Proxy | Be the First to Comment

Overview

I've recently setup Active Directory authentication via Squid proxy for my new workplace test environment. Essentially people were abusing the internet (looking up xxx rated sites etc) whilst at work So it was decided to install a proxy to watch and moderate user access. Just as an aside note, proxies don't tell you about ALL the traffic going through your network/proxy, for this you need NTOP, a packet sniffer with reporting tools. I'll attempt to explain how I setup the proxy with Active Directory authentication and explain why it works, so that you can do it too

If you don't already know, Squid is a caching server that runs on both Linux and Windows, in my case it will be running on Linux All this means is that Squid takes a normal users request for a

All that glitters has a high refractive index.

Reporters like Bill Greider from the Washington Post and Jim Naughton of the New York Times, for instance, had to file long, detailed, and relatively complex stories every day -- while my own deadline fell every two weeks -- but neither of them ever seemed in a hurry about getting their work done, and from time to time they would try to console me about the terrible pressure I always seemed to be laboring under.

Any $100-an-hour psychiatrist could probably explain this problem to me in thirteen or fourteen sessions, but I don't have time for that. No doubt it has something to do with a deep-seated personality defect, or maybe a kink in whatever blood vessel leads into the pineal gland... On the other hand, it might be something as simple & basically perverse as whatever instinct it is that causes a jackrabbit to wait until the last possible second to dart across the road in front of a speeding car.

Google largely victorious in FTC anti-trust probe

Published January 03, 2013 FoxNews.com

WASHINGTON – Google will step up licensing of patents it purchased from Motorola, U.S. antitrust regulators said Thursday, but the company was largely cleared of accusations that it abused power – a victory for the web giant.

U.S. antitrust regulators with the FTC made the announcement following a 19-month investigation into Google's business practices. The FTC probe had focused on allegations that Google has been abusing its dominance in internet search. Google's rivals say the company has been highlighting its own services on its influential search results page while burying the links to competing sites.

"Evidence does not support the claim" that the prominent display of its own links was favoring its own sites, explained FTC chairman Jon Leibowitz. Google plans to make some changes, but the ruling was a clear win for the search leader.

In a statement posted to its website Google said it was pleased with the outcome of the case.

[pullquote]

"The conclusion is clear: Google's services are good for users and good for competition," wrote David Drummond, senior vice president and chief legal officer.

"We're pleased that the FTC and the other authorities that have looked at Google's business practices ... have concluded that we should be free to continue direct answers with web results."

Prominent display of Google's proprietary content had the collateral effect of pushing the "ten blue links" of organic search results that Google had traditionally displayed farther down the search results page, many unversed "vertical" websites alleged.

Google rivals such as Microsoft have been complaining about the company's techniques for years. On Wednesday, Microsoft vice president and deputy general counsel Dave Heiner wrote that Google was preventing its company from releasing a full-featured version of YouTube on the Microsoft Phone platform, for example.

"Google often says that the antitrust offenses with which it has been charged cause no harm to consumers. Google is wrong about that," he wrote. But the FTC disagreed.

"The facts weren't there under the laws we apply," Leibowitz said.

The ruling wasn't entirely a victory, however. Google has been abusing information from rival websites, Leibowitz said, scraping Yelp reviews for example, and leading consumers to believe they were Google's own. The company allegedly threatened to remove results entirely rather than clarify where they came from, he said.

"Google will stop misappropriating or scraping its rivals' for its search results, he said.

And the would ruling is clearly not what Google would have liked. In 2012, Google paid about $12.5 billion to acquire Motorola Mobility (MMI), including MMI's vast portfolio of over 24,000 patents and several applications. Development and use of these types of standards is a cornerstone for many high-tech markets, and encourages innovation and investment in high-tech products, according to the FTC's complaint.

The patents allow mobile phones such as the Apple iPhone and Samsung Galaxy to communicate, explained Leibowitz. Years ago, Motorola promised to license its patents on fair

Hail Mary:

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima :

When you receive this email say a Hail Mary and ask for a special favor.

"Hail Mary, full of grace. The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death, Amen.? (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has been traveling since 5/13/07!

Open Public Records Act Request – Police Incident Report

Dear Custodian of Records,

Pursuant to the New Jersey Open Public Records Act, N.J.S.A. 47:1A-1 et seq., I hereby request a copy of the police incident report prepared in connection with a motor vehicle accident that occurred on or about March 14, 2026, at the intersection of Route 9 and Main Street in Toms River, New Jersey. The accident involved a vehicle operated by my client, Maria Gonzalez, and a vehicle operated by Robert Whitfield.

Specifically, I request the following: (1) the full police report, including all narrative sections and officer notes; (2) any diagrams or photographs prepared at the scene; (3) the names, addresses, and telephone numbers of all witnesses identified in the report; and (4) any body-worn camera footage that may exist. My client's insurance carrier has already received a claim number, and we are working to resolve the matter without litigation.

Our firm represents Ms. Gonzalez in connection with this matter, and we have been retained to pursue her claim for property damage and personal injuries sustained in the collision. Accordingly, please direct all future correspondence regarding this request to my attention at the address listed below. If you require any authorization from my client, please let me know and I will execute it promptly.

Pursuant to N.J.S.A. 47:1A-5(i), I am willing to pay reasonable charges for the production of these records, not to exceed $25.00 without my prior approval. Please inform me in advance if the total cost will exceed that amount. If any portion of this request is denied, please identify the specific exemption relied upon and provide a written explanation as required by law.

Thank you for your prompt attention to this matter. If you have any questions or need clarification, please contact me at (732) 555-0148 or by e-mail at rfuhrman@jacobymeyers.com. I look forward to receiving the requested records within the statutory seven-business-day period.

Very truly yours,

RAVEN FUHRMAN, ESQ.

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files *always print correctly* on any printing device.
- PDF files *always display exactly* as created regardless of fonts, software and operating systems. Fonts and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

United Nations Preparing to Manage Global Mental Health

Brandon Turbeville
Infowars.com
January 29, 2012

In a world where national sovereignty is won by becoming a client of the post-communist myth that the United Nations will be taking the lead in any variety of topics is no longer shocking. Indeed, there is a real push across the world to view the United Nations as the ultimate authority on virtually every issue from human rights to international conflict and food.

Through decades of propaganda, the United Nations has developed a subservient populace that views the United Nations as a benevolent organization which they can call on to defend human rights in their respective countries. Unfortunately, nothing could be more tragically further from the truth as the average citizen tends to look straight to the United Nations to address their countries' hypothetical human rights violations.

As case in point, a recent report by AFP entitled "[U.N. urges new push on mental ills](#)" discusses how a recent article in PLOS Medicine, a reputable medical journal, was used for the United Nations General Assembly to develop a plan to tackle mental, neurological and substance abuse disorders (MNS).

The article was authored by Vikram Patel of the London School of Hygiene and Tropical Medicine and Judith Bass from Johns Hopkins School of Public Health. The United States, among other countries. They write "The time has come for recognition of the highest level of global development, namely the UN General Assembly, of the urgent need for a global strategy to address the global burden of MNS disorders.

They also state that investment is needed in three different, but key areas: "expanding knowledge about mental health disorders, better access to evidence based programs of care and treatment and protection of human rights.

Although the further understanding of mental health disorders and their treatment is a laudable goal, it is the one in which feeds the Psychiatric-Pharmaceutical complex and the United Nations has a horrible track record.

Indeed, even within their own internal boundaries, the Psychiatric-Pharmaceutical complex has vastly more authority that it needs or deserves. When one multiplies this oppressive authority with the global jurisdiction of the United Nations, as well as the U.N.'s tendency to turn these tyrannical guidelines in its own right, we can see a clear recipe for disaster.

In an excellent breakdown of the situation, the Daily Bell writes

> The ultimate element of this outreach (and probably the reason for it) will be a People's Charter for Mental Health that will provide the opportunity for the elites to create yet more command-and-control bureaucracies

Step 3 Make a Test Call Using OBiTALK

At any time, you may place a test call to the OBi Number below

Dial **9 followed by:

OBiTALK Test No:
222 222 222

Your OBi is ready to make FREE calls to other OBi endpoints using the **OBiTALK** network. On the bottom of your unit, you will see a 9-digit OBi Number. This is **your** OBi Number. Give this number to your friends, family and colleagues so they can call you from their OBi device or using the OBiON iPhone and Android apps for smart phones.

To use the **OBiTALK** network, all you have to do is install your OBi, pick up the phone and then call your friends by dialing ****9** and their nine-digit OBi Number

Step 4 Set-Up an OBiTALK Account Then Add Your OBi to the Account

Go to **www.obitalk.com**

Register for an **OBiTALK** account. This will allow you to easily activate devices and add any commercial VoIP services used with your OBi

The first time you log-in to OBiTALK, a pop-up window will appear allowing you to add your device.

Click "Yes" to add Your OBi Device to the OBiTALK Dashboard. After adding your device, you will be able to set-up voice services and other configuration information. Multiple devices may be added to a single account.

Follow the on-screen instructions to add your OBi device to your OBiTALK account.

Once added, you will be directed to the Device Configuration page

- Set your OBi display name, time zone, and daylight savings values.
- Select the "Save Changes" button

Step 5 Set-Up VoIP Services

After you register and add your OBi device at www.obitalk.com, the OBi Device Configuration page will help you set-up commercial VoIP services such as the Google Voice™ communications service.

Do this by selecting the **Google Voice Set-Up** button. You may also select from any one of the other listed service providers. If your service is not there, you may use the Generic Service Provider option

Generally, all you will need to set-up a service is the User Name and Password for the service.

How to Perform a Factory Reset:
1. Power on the OBi device.
2. Locate the Factory Reset button across from the bottom of the USB. It is a circular hole to the right (not the silkscreen) just above and to the left of the Reset. (B) on the product label.
3. Using a paper clip or similar instrument, depress the button. Hold the clip for 15 seconds.
4. The Power LED will flash red. This indicates you may release the button and that the unit has now been reset to its factory defaults.

OBi Default Manager GUI Page Details:
1. Point a web browser to the OBi. Bid-Hole to below the OBi config. Browser
2. Browse to the Internet IP address of the OBi.
3. Once the OBi IP address is entered, a PC prompt will ask the default credentials:

4. When successful enter "admin" for username & "admin" for password.

Exterior Charge Port Quick Release

http://www.mynissanleaf.com/viewtopic.php?f=37&t=3930 Page **1** of **1**

Author: **leafabusa** [Sun May 15, 2011 10:47 pm]
Post subject: **Exterior Charge Port Quick Release**

After getting frustrated with having to go into the car to open the charge port flap, I decided to a quick modification. After staring at it for half an hour and trying out a few brackets and cable options, I ended up simply putting a very long tie wrap/zip tie from where the cable attaches to the release lever, through the hole in the black bracket on the left of the mechanism then dropped down to the bottom of the vent grill. I looped the tail of it in a circle around the vent grille and crimped it closed so I can get my finger through it. Voila, works perfectly and it cannot be seen from the front.

You have to pop open the quick release fasteners on the plastic cover in the charge port to reveal the release mechanism.

Troubleshooting Steps

The steps below will help you resolve common issues you may encounter.

- Switch a fax machine and try to send a fax from device still connected.
  1. Unplug your Vonage device from its power source.
  2. Wait 30 seconds, then plug it back in.
- Try a different phone cord and make sure it is connected to the Vonage device.
- Eliminate any cable splitters that may be connected to the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- Turn off Additional device error correction (ECM) mode.

3	$40,180 or less
4	$48,400 or less
5	$56,620 or less
6	$64,840 or less
7	$73,060 or less
8	$81,280 or less
Each Additional Person, add	$8,220

Other qualifications include:

- Your monthly electric usage does not exceed six times the Tier 1 allowance
- You are not claimed as a dependent on another person's income tax return other than your spouse
- You do not share an energy meter with another home
- You will renew your eligibility at least every two years

Family Electric Rate Assistance (FERA)

pge.com/fera
1-800-743-5000

If you do not qualify for the CARE Program you may still qualify for the FERA Program, which offers a monthly discount on electric bills for households of three or more people with a slightly higher income than required for CARE.

FERA Income Guidelines
(post ... May ... 2014)

Number of People in Household	Total Gross Annual Income

This program provides energy-efficient home improvements and appliances at no cost to customers who qualify for CARE and rent or own a home that is at least five years old.

Energy Savings Assistance Program

My Energy
pge.com/myenergy

Log in to My Energy to sign up for billing and payment alerts, analyze your household's energy usage, pay your bills and learn more about your rate plan options.

Balanced Payment Plan
pge.com/balancedpayment
1-800-743-5000

Your monthly bill will be averaged out to allow you to budget your energy costs and eliminate big payment swings.

Medical Baseline
pge.com/medicalbaseline

If you depend on life-support or other equipment due to medical needs, you may be eligible for additional energy at the lowest price through the Medical Baseline Program.

Low Income Home Energy Assistance Program (LIHEAP)
1-866-675-6623

If you spend a high percentage of your income on energy bills, you may be eligible to receive financial assistance and weatherization services through the program administered by the California Department of Community Services and Development.

Universal Lifeline Telephone Service (ULTS)

Get discounted telephone access when you meet similar income guidelines as the CARE Program. To learn more, contact your local phone service provider.

Speech or hearing impaired? TTY/DTTY is available at 1-800-652-4712 m-a.m. to 11 p.m., Monday-Friday. Don't use the TTY line? Call **1-800-735-2929**

Troubleshooting Steps

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device
- Eliminate any splitters between the fax machine and the Vonage device
- Connect Fax machine directly to the Vonage device (bypassing any inside wiring
- If using an All-In-One device: temporarily disconnect device from PC.

Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help

Call us at 1-VONAGE-HELP (1-866-243-4357) or visit **www.vonage.com**

1/2 of 12 oz pkg of semi sweet chocolate chips
1/2 of 12 oz pkg of milk chocolate chips
1 LB of white almond bark
24 oz of salted peanuts do not use those with skins

Melt the chocolate and bark together You don't want it to burn so I melt them together in the microwave for 90 seconds then stir and then usually another 30 seconds (Add a little more time if needed but in small increments) Add the peanuts and stir Drop by spoonful on a wax paper lined cookie sheet or countertop – I don't bother with cookie sheets any more and just put the wax paper right on the counter or a table Once the clusters have "set" I usually put them in a plastic container in the fridge I think they are best a little cold but do whatever tastes best to you

Welcome to

Windows® Fax and Scan

One place to scan and fax your documents

FAX: You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax.**

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN: After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan.**

3. On the toolbar, click **New Scan.**

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

Updating the Magellan Maestro 4050 to software version 2.62 or 3.61

Note: This update will make the most recent software in your Magellan Maestro 4050. The software will be saved to the hard disk drive automatically if dialed on the area where it is saved by "installing" your receiver.

The guide will help you upgrade your Magellan Maestro 4050 with the most recent software. Go through the steps in order, especially those highlighted as you need before starting an upgrade process.

- Magellan Maestro 4050 receiver with a fully charged battery
- PC with Windows XP Home Windows Vista Home Basic 32 bit, or Windows Vista Home Premium (32 bit) operating system
- USB cable

The process for you to upgrade the software release by PC involves allowing the executable (.exe file).

Before starting:

Do not connect your Magellan Maestro 4050 to the USB port of your computer until instructed to do so.

1. The battery of your Magellan Maestro 4050 is fully charged or is operating on the AC/DC power adapter. Note: If the battery power is not sufficient, you may lose the memory when you connect the receiver to your PC. Connect the optional AC power adapter. Check System Settings on the device and be sure to turn off the Battery Saver feature.
2. Close all other applications on your PC. The installer may close several applications on the computer when you start the upgrade process. Save your work before starting and restart.
3. Do not connect your Magellan Maestro 4050 to your PC until instructed to do so by the Update Wizard.
4. The Update Wizard will automatically download and install the files to the root directory of your PC.
5. Disconnect all Magellan PC devices from the USB ports on your PC.

Update process. Please print these instructions:

1. Download the file Maestro_4050_Release_2_62_to_3_61_Rel.zip and save it to your desktop.
2. Unzip the file and open the folder Magellan_Maestro_4050_Series_2_62_or_3_61_Rel
3. Double click the Maestro_4050_Series_2_62_or_3_61_Rel.exe file.

4. Click Next on the Welcome screen
5. Read the Attention screen and press Next.

6. Power on your Magellan Maestro and access the Main screen

Trump Watch: Week One

Hope Clairmont
Op-Ed Editor

Donald Trump's first week as President of the United States has been a busy one. Over the past seven days, the newly elected President has undertaken a flurry of executive actions, held several press conferences, and sparked at least two twitter wars. Here's a day-by-day account of the highlights of Trump's first week in office.

Saturday, January 21:

- Trump gave his first speech as President at CIA headquarters. Standing in front of the CIA Memorial Wall, which commemorates officers killed in the line of duty, Trump bragged about the size of the crowd at his inauguration and accused the media of manufacturing a rift between himself and the agency. This is a lie. Trump himself sparked the controversy recently questioning the CIA's accuracy and comparing the organization to Nazis on his twitter a week earlier.
- The Trump administration also removed all mention of climate change or LGBTQ issues from whitehouse.gov, the official Presidential website.

Sunday, January 22:

- Trump's administration officially announced that the new President will never release his tax returns. This is despite a recent ABC / Washington Post poll saying a full 74% of Americans want to see the returns, which would detail Trump's potential financial conflicts of interest.
- Sean Spicer's "alternative facts" about inauguration created the internet's newest meme.

Monday, January 23:

- On his first workday in office, Trump signed several major executive actions.
- The first officially withdrew the United States from the Trans-Pacific Partnership, a trade deal disliked by progressives but supported by centrist liberals and conservatives.
- Another executive action froze all government hiring, except in national security areas, military areas, if you were planning on finding a job with the EPA or FDA this summer, it would seem you're out of luck.
- Trump also ordered the EPA, Interior Service, National Parks Department and several other agencies which deal with climate change to stop talking to the press or posting to social media. Temporary gag orders like these are typical for an incoming administration, but many were concerned the focus on climate-related agencies was a sign Trump's team was about to gut climate policy.

Tuesday, January 24:

- Trump's next round of executive actions allowed construction of the Keystone XL and Dakota Access Pipelines to move forward. Both pipelines were previously blocked after public outcry due to their environmental impact. It should be noted Trump used to have a financial stake in one of the companies building the Dakota Access pipeline; it is unclear whether or not he sold it off.
- Also, in defiance of the previous day's gag order, Badlands National Park began tweeting out climate change statistics before ultimately being banned; several other national parks soon followed its lead.

CancerTYPE ID

Molecular Classification with CancerTYPE ID

FFPE Tissue Processing & Tumor Enrichment

- CancerTYPE ID requires as few as 300-500 viable tumor cells and is compatible with limited biopsy specimens such as FNAs, cytological specimens, and small core needle biopsies.
- CancerTYPE ID routinely employs laser guided microdissection to enrich for tumor specimen.

Gene Expression Profiling

- CancerTYPE ID uses a robust real-time RT-PCR platform to detect very small differences in gene expression.
- CancerTYPE ID measures and integrates the gene expression of 92 genes, 5 normalization genes and 87 lineage determinant and tissue specific genes, most of which are not routinely measured by IHC.

Reference Tumor Database & Algorithm

- CancerTYPE ID uses a computational algorithm to predict the patient's tumor type based on the degree of similarity of the sample's 92-gene expression profile to a reference database of gene expression profiles. The reference database contains gene expression information from over 2 000 tumor specimens of known histogenesis, and representing ~95% of all solid tumors based on incidence.
- The CancerTYPE ID algorithm provides a predicted main type and any sub-types in rank-order by relative probabilities, which are based on the tumor's gene expression similarity to tumors of these types in the reference database.

Molecular Classification

- CancerTYPE ID classifies 28 tumor types and 50 tumor subtypes.
- In an independent validation of 2% blinded samples, the molecular diagnosis was 87% accurate for most tumor type and 82% accurate for tumor subtype.

TROUBLE SHOOTING

Problem: Red LED is flashing rapidly

Explanation: The sensor is in one of three conditions.

Microwave supervision failure: The sensor continues operating using PIR at the only detection method. When detection occurs on the PIR channel the alarm relay will latch open until the Microwave trouble is removed

PIR self-test failure: Alarm relay does not activate

Temperature compensation failure: When alarm occurs, the alarm relay will latch open until the trouble is cleared

Solution: Power down the sensor or enter Walk Test mode which will perform self-test. If the trouble does not clear replace the sensor.

Special Instructions for Installations Containing Pets

To take full advantage of the pet immunity the following guidelines should be followed:

- Mount the center of the detector 2,3 m (7'6") high.
- Ensure that the lock-down mask is removed (see Step 2).
- Set the PIR sensitivity for Low (see Dip Switch chart above).
- Mount where animals cannot come within 1.8 m (6') of the detector by climbing, on furniture, fixtures or other objects.
- Do not aim the detector at stairways that can be climbed by animals. Lens P/N S-332-480-00 must be installed (if not already installed).

Notes:
This sensor will provide immunity to take meals for an individual animal or a group of animals whose total weights is equal to or less than 45.36 kg [100 lbs]. The pet immunity function of this sensor has not been evaluated by UL.

* Lens-down fingers are removed only when the lock-down mask is removed (see Step 3)

Side View
High Security/Non Pet Immune Lens

Special Instructions for High Security Applications NOT Containing Pets

To take full advantage of the higher security features of the DT 7435, the following guidelines should be followed:

- Mount the center of the detector 2,2 m (7'6") high. Ensure that the lock-down mask is removed (see Step 2).
- Replace the Animal Immune lens with the High Security Lens P/N S-332-437-00.
- Set sensitivity to High (SW1 ON) for installations where an intruder may only cross a small part of the detection pattern or the highest detection level is desired.
- Set sensitivity to Low (SW1 OFF) for installations where an intruder will likely cross a large area of the detection pattern. This setting should also be used in difficult installations for reasons unrelated to immunity.

FCC Notice: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

   d. long-term potentiation.

12. Hyperpolarization of the postsynaptic membrane in response to glycine or GABA is produced by the opening of
   a. Na^+ channels.
   b. K^+ channels.
   c. Ca^{2+} channels.
   d. Cl^- channels.

13. The absolute refractory period of a neuron
   a. is due to the high negative polarity of the inside of the neuron.
   b. occurs only during the repolarization phase.
   c. occurs only during the depolarization phase.
   d. occurs during depolarization and the first part of the repolarization phase.

14. Which of these statements about acetylcholinesterase is *false*?
   a. They include organophosphates, eptastigmine, and physostigmine.
   b. Their effects are increased by action of the enzyme catechol-O-methyltransferase.
   c. They are inactivated by compounds into the postsynaptic axon.
   d. They are inactivated by compounds into the postsynaptic cleft.

15. After destruction of EPSPs from numerous presynaptic nerve fibers converging onto one postsynaptic neuron, is called
   a. spatial summation.
   b. an axonal presynaptic inhibition.
   c. temporal summation.
   d. synaptic plasticity.

16. Which of these statements about ACh receptors is *false*?
   a. Alcohol at median concentrations stimulates ACh receptors.
   b. The heart contains mainly muscarinic ACh receptors.
   c. Curare can be used to open ion channels like nicotinic receptors.
   d. Stimulation of nicotinic receptors results in the production of EPSPs.

17. Hyperpolarization is caused by all of these *except*
   a. glutamic acid in the CNS.
   b. ACh at the heart.
   c. glycine in the spinal cord.
   d. GABA in the brain.

18. Which of these may be produced by the action of neurochemicals?
   a. Dilation of blood vessels
   b. Erection of the penis
   c. Relaxation of smooth muscles in the digestive tract
   d. Long-term potentiation (LTP) among neighboring synapses in the brain
   e. All of these

Test Your Understanding

19. Compare the characteristics of action potentials with those of graded potentials.

20. Just as in the case of myocardial muscle, explain how the voltage-regulated channels are involved in action potentials.

21. Explain how resting potentials are conducted by unmyelinated axons.

22. Explain how a myelinated axon conducts action potentials and relate this conduction to how fast or slow it can carry nerve impulses.

23. Describe the structure of nicotinic ACh receptors, and explain how ACh interacts with these receptors to cause the production of an EPSP.

24. Describe the nature of muscarinic ACh receptors and explain how one of these receptors in the act on of these receptors induces stimulation of these receptors causes the production of hyperpolarization or a depolarization?

25. Once an EPSP is produced in a dendritic area, how is stimulate the production of an action potential that travels down the axon? What might prevent an EPSP from actually producing one? How can an EPSP's ability to stimulate a nerve impulse be undercut?

26. Explain some inhibition can be produced by (a) muscarinic ACh receptors in the heart and (b) GABA receptors in structures of the CNS.

27. List the analgesic opioids in the brain and describe some of their pharmacological actions.

28. Explain what is meant by long-term potentiation and describe the significance of this process. What may account for it and what role might nitric oxide play?

Test Your Analytical Ability

29. Suppose peripheral nerves going to the two parts of a cut spinal cord in rats was kept in the rats's same function in the hind limbs. Apparently, when the white axons in the peripheral nerves was re-laced to the gray matter of the spinal cord, some regeneration of neuronal neurons occurred across the two spinal cord segments. What components of peripheral nerve provide conditioned to the regeneration? Discuss the factors that promote and inhibit central nervous regeneration.

30. Discuss the differences in a voltage-gated ion channel and the ligand-gated ion channels between these states. How has molecular biology/biochemistry helped our understanding of the physiology of the voltage-gated channels?

Speed dial

You can copy up to 10 directory entries into the speed dial locations so that you can dial these numbers using fewer keys than usual.

To store a speed dial entry:

1. Press **MENU/SELECT** when the handset is not in use.
2. Scroll to **>Directory** then press **MENU/SELECT**
3. Scroll to **>Speed dial**, then press **MENU/SELECT**
4. Scroll to a desired speed dial location then press **MENU/SELECT**
5. Scroll to a desired directory entry then press **MENU/SELECT** to save

To dial a speed dial entry

- Press and hold a speed dial key (0-9) of the desired entry when the handset is not in use. The number will be dialed automatically

To delete a speed dial entry

- When the desired entry displays, press **MUTE/DELETE**

Caller ID

This product supports caller ID services provided by most telephone service providers. Depending on your service subscription, you may see the caller's name, number, date and time of calls that are sent by your telephone service provider after the first or second ring.

Caller ID log

The caller ID log stores up to 50 entries. If you answer a call before the caller information appears, it will not be saved in the caller ID log.

- The handset displays **XX Missed calls** when there are calls that have not been reviewed in the caller ID log.
- If you want to erase the missed call and caller press and hold **OFF/CANCEL** on the idle handset

To review and dial a number in the caller ID log

1. Press **CID/▼** when the handset is not in use
2. Scroll to browse through the call log. When the desired entry appears,
   - Press # (pound key) repeatedly to show different dialing options.
   - Press 1 repeatedly to add or remove 1 in front of the telephone number
3. Press **FLASH** or **◀)))/SPEAKER** to dial the displayed number

To save a call or ID log entry to the directory:

1. When the desired caller ID log entry displays, press **MENU/SELECT**
2. When the handset displays **EDIT NUMBER** use the dialing keys to modify the number if necessary
3. Press **MENU/SELECT**
4. When the handset displays **EDIT NAME** use the dialing keys to modify the name if necessary
5. Press **MENU/SELECT** to save.

To delete the caller ID log entries.

- **Delete one entry.** When the desired caller ID log entry displays, press **MUTE/DELETE**
- **Delete all entries.** Press **MENU/SELECT** when the handset is not in use. Scroll to **>Caller ID log** and then press **MENU/SELECT** Scroll to **>Del all calls** and then press **MENU/SELECT** twice

About answering system and voicemail

Your telephone has separate indicators for two different types of voice messages. These left on the built in answering system and those left at your telephone service provider's voicemail. Each alerts you to new messages separately

- **XX New messages** and the display on the handset and the message window on the telephone base flashes. There are messages recorded on the built in answering system. The total record ing time is approximately 14 minutes. It can record and store up to 99 messages and the recording time of each message depends on the message length you set
- If **New Voicemail** and ✉ display on the handset, your telephone service provider is indicating that it has new voicemail for you. Contact your telephone service provider for more information on how to access you voicemail.

Answering system settings

Default settings are indicated by asterisks (*).

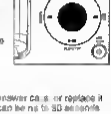
Screen display	Fun ction	Options
Call screening	Set whether you can hear the ca ers while they are leaving messages to you	On* Off
# of rings	Set the number of times the telephone rings before the answering system answers.	0, 1, 2, 3, 4, 5, 6, 7 Toll saver*
Remote code	Set a two-digit security code to access the answering system remotely from any touch-tone telephone	19*
Msg alert tone	Set to alert you when you have new messages	On Off*
Recording time	Set the recording time for each incoming message	3 m nutes* 2 m nutes 1 m nute

Answering system operation

Turn the answering system on or off

The answering system must be turned on to answer and record messages. When it is turned on, the **ANS ON/OFF** light on the telephone base turns on and **ANS ON** displays on the handset.

- Press **ANS ON/OFF** on the telephone base to turn the built in answering system on or off



Record your own announcement

You can use the preset announcement to answer calls or replace it with your own recorded announcement. It can be up to 90 seconds in length

1. Press **MENU/SELECT** when the handset is not in use.
2. Scroll to **>Answering sys** Press **MENU/SELECT** twice.
3. Scroll to **>Record announ**. Press **MENU/SELECT**. The system announces *"Record after the tone. Press # when you are done."*
4. After the tone, speak towards the handset microphone. Press # when done
5. The answering system automatically plays back the newly recorded announcement, then returns to the previous menu.

Dumb
Way!

TODAY FEBRUARY 19th (JokesAndTrivia.com)

To live in hearts we leave behind is not to die. Thomas Campbell

Last night I was telling my kids about Jesus calming the storm in Mark 4. I told them how Jesus and the disciples were all in a boat crossing a lake when a storm came up and threatened to sink the craft. Meanwhile Jesus had fallen asleep in the stern.

So the disciples, fearing for their lives, went back and woke Jesus, hoping he could do something to save them. I said Jesus woke up and said "Quiet."

To which my son interjected, "I'M TRYING TO SLEEP!"

You Might Be a Redneck If...

You smoke during your deer hunt after scent proofing yourself all month.

A tornado goes through your trailer's yard and makes it look neater.

You've got to shuck your toilet paper before you use it.

You think "Meals on Wheels" is another name for roadkill.

You shot your own 12 point coat rack.

You've been to the emergency room more than 3 times for mashing the wrong end of a thumb tack.

The number of times you've seen either Elvis or a UFO exceeds your I.Q.

FUNNY GOLDEN OLDIE

A funeral procession is going up a steep hill on main street when the door of the hearse flies open, the coffin falls out, speeds down main street into a pharmacy and crashes into the counter.

The lids pops open and the deceased says to the astonished pharmacist: "You got anything to stop this cough?"

A woman went to a Florida lemon grove to apply for a job but the foreman thought she seemed way too qualified for the position. "Do you even have any actual experience picking lemons?" he asked.

"Well, I think I do," she replied. "I've been divorced three times."

The Hi-Colombia, Maryland Yuppette was shopping in an upscale pet center.

"I want a dog of which I can be proud," she told the salesman. "Does that one have a good pedigree?"

"Miss," declared the clerk, "if she could speak, she wouldn't talk to either one of us."

TODAY IN TRIVIA How long can a carp live? The common carp lives up to 25 years in the wild, and up to 40 years in captivity. The durable fish can survive in waters up to 90 degrees F. and can even withstand freezing for short periods.

My grandfather told me there are two kinds of people: those who do the work and those who take the credit. He told me to be in the first group; there is less competition there. - Indira Gandhi

Floor Plan

The Club's newly renovated décor is designed after the most distinguished American and British City Clubs. Its soaring 28ft. story vantage point allows for plenty of bright, open spaces and fabulous panoramas from sunrise to sunset.

Below you will find a description of the rooms available at The Peachtree Club. To see an expanded view of the floor plans, please scroll to the bottom of the page.

- The Grill or Bar area hosts our Continental breakfast buffet, casual & la carte lunch menu, evening cocktails and is available to reserve for private parties in the evenings and on weekends. The Grill can accommodate up to 70 guests for a cocktail style reception. The Hawthorne room is adjacent to the Grill and can be used in conjunction for cocktail parties.

- The Main Dining Room is available for private breakfast meetings, semi-private luncheons (a guarantee of at least 35 people is required to reserve for a luncheon) and for dinners and receptions in the evenings. We also serve an à la carte lunch Monday-Friday. The maximum seating for a dinner in the Main Dining Room is 92 guests, expanding the seating to include the Hawthorne, Magnolia, Live Oak and Bradford rooms we can accommodate 110 guests for a dinner. The Main Dining Room is also available in the evenings and weekends for cocktail style receptions accommodating up to 200 guests using the Main Dining Room Skyline Terrace and adjacent private rooms, or up to 450 guests reserving the entire club. The Dining room has two doors leading out to the Skyline Terrace.

- Private Dining Rooms include: The Hawthorne Room located off the Grill, seats up to 36 guests and has a spectacular east or west facing, north and south. This room can also be reserved in conjunction with the Grill and makes an excellent area for a buffet. The Hawthorne room can also be used with the Magnolia room for seating for up to 30 guests.

- The Magnolia Room is on the West side of the Main Dining Room, with a view facing north. This room seats up to 16 comfortably and is the most ideal private room if audio visual needs are required. This room also serves as a buffet space for large functions using the Main Dining Room. The Magnolia Room and Hawthorne rooms are connected with pocket double doors and can accommodate up to 30 guests for a seated meal. The Magnolia Room also has double doors leading out onto the Skyline Terrace.

Questionaire Coversheet

ONLY ONE QUESTIONAIRE IS ALLOWED FOR EACH DEBTOR.

Directions:

THE INFORMATION ON THIS PAGE IS IMPORTANT!!!!!

READ THIS PAGE, REMOVE IT FROM THE ATTACHED QUESTIONNAIRE AND KEEP IT FOR YOUR FUTURE REFERENCE. DO NOT GIVE THIS PAGE TO YOUR TRUSTEE

IF THERE IS ANYTHING YOU DO NOT UNDERSTAND, ASK YOUR ATTORNEY OR, IF YOU DO NOT HAVE AN ATTORNEY, ASK THE TRUSTEE DURING YOUR EXAMINATION. YOUR DISREGARD OF THE INFORMATION ON THIS PAGE COULD RESULT IN A DENIAL OR REVOCATION OF YOUR DISCHARGE.

1. After you have read this page, fill out the questionaire on the following pages and give it to the Trustee when your case is called.

Truthful and Correct Answers It is important that your answers to the questions on the following page(s) are correct. If you cause mistaken, falsified or incorrect answers, or fail to include some of the property that you own on your bankruptcy petition, schedules or Statement of Financial Affairs, it is absolutely essential that you become the trustee of that mistake or omission NOW. If the trustee subsequently discovers that there are omissions or incorrect answers to questions in your bankruptcy documents, such as on the following questionaire, it will be presumed that you intentionally failed to disclose the correct information to the trustee. The possible consequence to you could mean a revocation of your discharge, severe fines and penalties and/or imprisonment. **BANKRUPTCY FRAUD IS A FEDERAL CRIME!!!**

Property of the Estate In the usual course of things if you have received all of your debts are a course, and if no objection to your discharge is filed, you will receive your discharge approximately three months from the date you petitioned bankruptcy. I understand that receipt of your discharge does not mean that the case is over, and will be closed right away. Until your case is closed the bankruptcy estate owns all of the property of the debtor. This means that unless you have your case closed, you cannot sell or borrow against, pledge, or further encumber any of your property, even if you claimed it as exempt and even if you have already received your "Discharge". Your sale of property of the estate after the filing of your bankruptcy petition may result in a denial or revocation of your discharge. Be sure to check that your case is closed before you attempt to sell any of your belongings.

Many of Your Discharge Your discharge will not be entered by the Court until you have filed a certificate with the court that you have completed a Financial Management Course. This course must be completed and the certificate filed with the Court Clerk within 45 days of the date of your 341 meeting of creditors. This is your responsibility to undertake and accomplish.

INHERITANCES If you become a beneficiary of ANYONE's estate within 6 months of the date your bankruptcy petition was filed, the Trustee must be notified within ten days of the nature and current of the property you will receive. FRBP 1007(h) YOUR DISCHARGE MAY BE REVOKED IF YOU DO NOT FOLLOW THESE INSTRUCTIONS

Wheel-Trans
Eligibility Application

Wheel-Trans

Instructions

How to Apply for Wheel-Trans Service

The Wheel-Trans eligibility application form (the application) is available on www.ttc.ca/wheeltrans or by calling 416-393-4111. Alternative accessible formats are available upon request.

Persons who believe they qualify for and are interested in becoming Wheel-Trans customers should complete and sign the application. To ensure a fast and seamless application process, be sure to complete the application in full. Incomplete forms may be returned to the applicant for completion.

The Application

Section A contains questions about your everyday mobility and ability to use conventional transit and is completed by you/your representative. **Section A** also requests that you fo certify that the information you/your representative have provided to Wheel-Trans is correct.

Section B is your consent to have your health care professional(s) contacted for additional information or clarification if requested.

Section C is completed by your health care professional(s) and requests your health care professional(s) to certify that the information they have provided to Wheel-Trans is correct. If you require more than one health care professional to complete the form, make copies of **Sections B and C**.

Section D is completed by you/your representative and allows Wheel-Trans to share your information with other transit properties within the Greater Toronto and Hamilton (GTHA) area should you wish to travel in other Regions.

Section E is to be completed if you wish to apply for the TTC Support Person Assistance Card. Some Wheel-Trans customers require additional assistance when traveling and need a support person to travel with them. Under the TTC support person policy and the AODA, a support person is one "who accompanies the person with a disability to help with communication, mobility, personal care or medical needs or with access to goods, services or facilities". Wheel-Trans operators are unable to provide the service of a support person because they are focusing on what they do best: delivering safe and reliable transportation. If you require a support person, one has to be provided by you. If you wish to apply for a card at the same time as you submit your application, complete **Section E** along with your healthcare professional.

In-person Functional Assessments

Wheel-Trans is committed to providing a fair and objective eligibility process for all our applicants. To ensure we correctly match our transit services to your abilities, you may be requested to attend a functional assessment to learn more about your abilities in performing activities related to travelling on transit. Your category of eligibility will be based on the information provided in your application and the results of a functional assessment (if required).

Appeal Assessment

Wheel-Trans is obligated to assess all applicants and determine the correct category of eligibility based on individual abilities. We strive to provide a fair and objective eligibility process resulting in the best level of service for you. However, should you disagree with the eligibility decision, you may wish to request an independent appeal to have the decision reviewed. Additional information on the appeal process, as well as required forms, can be found on TTC's website at www.ttc.ca/wheeltrans or by calling Wheel-Trans Customer Service 416-393-4111.

Hello!

This is a sample test file which is being sent to you as per your request via the Interpage FreeFax(sm) Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.

This file is a sample MS Word file...many other file types are supported!

If you have any questions regarding Interpage's OutFax(sm) Service, including the FaxUnlimited(tm) service with no-per or per-minute charges, please feel free to contact us at:

Phone. +1 (510) 315-2750 9AM to 5:30 PM M-F Pacific Time

E-Mail. inet-support@interpage.net

Web. http://www.interpage.net

Thank you for your interest!

Notes: 1. Due to the multi-use of the FreeFax service, Interpage will no longer transmit personalized text messages on your above listed sample message as it is transmitted. You may establish a trial account for evaluative purposes by filling out the form located at *http://www.interpage.net/sub fax.html*, obtaining any billing information, and then by receiving a local e-mail address and correct telephone number. Please call (510) 315-2750 for additional details.

2. This fax is not a solicitation nor is it an offer. It was sent by a visitor to interpage's web site who entered your destination number as a recipient of this test fax. As a policy, interpage may not receive more than two faxes in a given week. However, if you find that someone is sending you faxes in a continuous and abusive manner, please call us at (510) 315 2750 and we will block your fax number from the FreeFax service.

7. Maintenance

Cleaning the Machine

Cleaning the scanning glass and rollers

Clean the scanning glass and rollers frequently to ensure the quality of transmitted images and copies.

1 Open the operation panel.

2 Push the green lever of the side of the white roller slightly to the right, and then pull it forward and down.

3 Pull the left side of the white roller up and then pull the roller to the left and out of the machine.

- Place the roller in a stable position where it will not accidentally fall to the ground.

Important

Your appointment letter will indicate a specific date and range of time for you to call in to conduct your interview. This is to ensure all our customers scheduled that day do not call at the same time.

We will make every effort to answer your call as quickly as possible. Please stay on the line and the next available caseworker will be with you.

To ensure any benefits you are eligible for continue without delay, you must return the enclosed JFS 7204 form and any verifications noted that pertain to your case.

Your patience is appreciated.
